"I am electing Ms. Halemeier because she is an amazing teacher as well as an amazing soul. She also keeps students motivated during distance learning with weekly challenges, fun events, and a positive attitude. She sparks an interest in learning for me and is fun and adventurous. Her outlook on life is amazing and she has a sense of humor. Shout-out to her amazing dog, Jefferson."

"It is hard to nominate just one teacher or staff within our Sisters School district because they have all been phenomenal and go beyond the call of duty. It is nothing short of miraculous that our teachers, staff, and administration have been able to recreate almost our entire education delivery system in six months. Many teachers have been perfecting their in-person teaching methods for years, and in less than half a year they have managed to recreate their entire teaching style and the way they deliver education to our children. They have done this seamlessly, enthusiastically, and without the

slightest bit of hesitation. They have come together as a team to figure out the best and safest ways to keep our children engaged and learning during extremely stressful and uncertain times. I am forever indebted to the service they are providing to our community and future generations. Our children are so fortunate to be learning from the best and most dedicated teachers and staff in the country. Thank you for all you are doing every single day."

— Kendra Hamerly

"Mr. O'Neill is the kind of teacher that goes out of his way every day to help his students. And he is unafraid to call students out if they are doing something that might be stunting their learning. He goes above and beyond to assist his students in anything they might need, in or outside the classroom. Mr. O'Neill is a completely unique teacher — the teaching industry needs more like him."

— Grayce Williver

"Mr. Larson is my social studies teacher — he always makes sure someone gets what he is teaching. For example, if someone raises their hand and says "this doesn't make sense to me," he will go over it again and make sure it makes sense. Last year I came to SMS knowing only a few people. He was very welcoming and kind to me. I remember thinking, "I'm gonna love his class." I was right, Social Studies was/is my favorite class. Thanks to Mr. Larson, I have learned about ancient Greece and Egypt. He is a very warm soul and has a very big heart. Mr. Larson is also very funny and the coolest teacher I have ever met."
