

Yuletide Greetings

— to all the Workers in the Americanization cause that have answered the call to give of their time and substance to bring America into the hearts and homes of those millions who through the years have come to America and found ample compensation for toil, wealth and affluence, but little of the spiritual values that are the corner stones in our national edifice of unity.

YULETIDE GREETINGS

— to all American citizens by adoption, who have entered the American temple of citizenship in a spirit of love, willing to defend its sacred institutions of tolerance, justice and equality, so that these may never suffer destruction at the hands of enemies from within or without.

YULETIDE GREETINGS

— to all those who are standing on the threshold of American citizenship, who in lieu of the privilege are promising, with God as their witness, to purge their hearts of all foreign attachments and to give to America their undivided patriotic devotion.

To all these we extend this Greeting of the Season and pledge ourselves to the cause of Americanization, with all that it stands for in the interest of a tolerant and united America.
