Welcome Patience & Sarah

What's Happening is pleased to bring you Eugene's own and beloved **Patience & Sarah** by Jan Eliot. A true native of Eugene, **Patience & Sarah** was first published about 4 years ago in the *Willamette Valley Observer*. Since then it has gained a large following of fans, both in Eugene and around the country. It currently appears in the *Portland Family Calendar*, *Parents Press* in Oakland (both monthly papers), and *The Single Parent* (the journal of the national organization, Parents Without Partners).

Recently it has captured some important national attention. In November, the National Cartoonists Guild will hold its 16th Annual Meeting in New York—a gathering of some of the best cartoons and cartoonists in the country. **Patience & Sarah** will be part of a panel discussion and slide show on women and cartooning and will be in the company of some of the nation's finest cartoons by and about women. Panelists will include Nicole Hollander, known for her character Sylvia, a regular *Ms Magazine* cartoon.

Jan would love to attend this conference, but at this point does not have the necessary funds to do so. However, she has come up with a plan that can't lose! She is selling her original **Patience & Sarah** strips—all of them, from the very beginning. These originals are approximately 3 times as large as they appear in print, about 20 x 6 inches. So if you've got a favorite you'd like to own, call **What's Happening** at 484-0519 right away. Jan is eager to sell, and the strips are both affordable and priceless. They'd make terrific gifts, too.

Two other reasons for Jan to get to New York have to do with the possibility of syndication. King Features, the nation's largest cartoon syndicator (*Blondie*, *Rex Morgan*, etc.) has expressed interest in purchasing **Patience & Sarah** for syndication. *Ms Magazine* has also expressed interest. **Patience & Sarah** has already appeared in *Ms* several months ago, and will appear again in the January or February issue. Jan would like to see it become a regular feature.

Meanwhile, **Patience & Sarah** will be a regular feature of **What's Happening**. Thanks, Jan. And good luck!

Patience & Sarah
