

WE'RE TAX DEDUCTIBLE!

What's Happening is a free weekly publication of Energy Futures, Inc., a local, tax exempt, non-profit corporation dedicated to information and education. Nuclear Questions, a weekly television program on Cable 11, is also a project of EFI. The show focuses on energy issues and other related subjects. Last fall we published the 1981 Lane County Energy Consumer's Guide, a free guide to energy services, conservation and local energy choices.

So What's Happening is Energy Futures, Inc. and all of our names are listed at the bottom left of page 2. Why are we telling you all this? Because we need your help. We are tax exempt. That means you can give us money in support of the services we provide the community. We publish up to 15,000 copies of What's Happening each week. Nuclear Questions has been on every week for over 3 years. Show us your support. Make your check payable to: Energy Futures, Inc., P.O. Box 259, Eugene, OR 97440. We are in need of office furnishings, art and newspaper tools and other items too. Call us if you want to donate—484-0519.

As a special thank you, donations of \$25 will receive a free six-month subscription to What's Happening. Donations of \$40 or more will receive a full year's subscription . . . in addition to our sincere appreciation.

Tuesday
