## UPFRONT

### Donations Needed for Wading Pool

Amazon Community Center and University Park area neighbors are asking for donations to be used to staff the University Park wading pool. All donations are tax deductible. Checks should be made payable to "The City of Eugene" and can be mailed or delivered to Amazon Community Center, 2700 Hilyard, Eugene. Persons interested in volunteering their time to this project may call Kim at 687-5373.

### Curbside Recycling

Beginning in July, something new may be coming to your Lane County neighborhood—curbside recycling. When you set your recyclable materials at the curb, a participating waste hauler will pick them up and send them where they're needed—back to

American industry. Join in a partnership with your waste hauler to save energy and preserve resources. The service is free ... and just outside your door. Call your hauler today for details, or call 687-4119 for more information.

### Entertainers Sought for Eugene Celebration

Tuesday, July 10, at 5 pm is the deadline for submitting proposals to perform during the 1984 Eugene Celebration. Proposals should be in writing and include contact person, address, phone number, audition tape and/or other appropriate promotional materials. Performance opportunities include the Hult Center's open house and several outdoor stages.

### Tools for Peace

Despite an official U.S. stance of hostility toward Nicaragua and its current government, many North Americans have supported efforts to rebuild that Central American nation since the conclusion of the successful struggle against dictator Anastasio Somoza five years ago.

Campaigns to raise material aid for Nicaragua have taken place nationally—most recently by Oxfam America's Tools for Peace Campaign. In Eugene, the Council for Human Rights in Latin America is sponsoring a local "Tools for Peace" effort, focusing on several types of donations: tools for agriculture, carpentry and mechanics; school supplies; and money donations for a portable saw mill.

The sawmill, of immense value in the development of remote

areas, will be donated to IRENA, the Nicaraguan Natural Resources and Forestry Agency, as a gift from Oregonians. A large part of the funds for its purchase will be raised by a summer-long series of Sunday evening benefits at the Keystone Cafe, 395 W. 5th. The first benefit dinner is Sunday night, June 24th, from 5:30 to 9:30.

Eugene "Tools for Peace" donations will go to several groups in Nicaragua. Part of the tools, machinery and spare parts (which, it is emphasized, can be of any kind) will be used in local "tool banks" for small farmers, established by Nicaragua's National Union of Small Farmers. AMNLAE, the women's association of Nicaragua, will also provide basic tools for rural women to help them start family and community gardening projects. Educational supplies (from pencils and chalk to typewriters and audiovisual equipment) will go to schools. Some materials collected from dormitory, fraternity and sorority residents during the past Spring

Proposals should be submitted to Eugene Parks and Recreation, Attn: Jim Williams, City Hall II, 858 Pearl St, Eugene, OR 97401.

### Stars and Summer

This summer, from July 11 to August 8, a free non-credit Search class will be given at the UO focusing on the heavens above us. Entitled "Heavenly Visions: Investigating the Links between Astronomy and Astrology," the class will be taught by star-map maker Larry Deckman, author of "What's Happening in the Sky." Participants will be treated to a journey through the universe via slides, a history of the constellations, insights on how the constellations are intertwined with astrology, and a chance to be guided amidst the stars and planets this summer. The classes will be held each Wednesday from 7-8 pm at 137 Gilbert on the UO campus. Just show up to be included.

quarter are already on their way. The "Tools for Peace" Campaign is just one of the many ongoing activities organized and sponsored by the Council for Human Rights in Latin America, a nonprofit, multi-ethnic organization that has been working for more than nine years to educate the people of the U.S. about human rights issues in Latin America. The Council has sponsored programs such as the Women's Tour to Nicaragua, numerous Latin American cultural events, Spanish lessons, conferences, speakers, a monthly newsletter, and weekly "Hard Times Lunches," to name a few. They are currently involved in a petition drive to place a resolution on Eugene's general-election ballot calling for an end to U.S. military aid to Central America.

Donations of tools, supplies, or money may be brought to the Council's Eugene office, 1236 Kincaid St. Or for more information, call them at 484-5867.
