PEACE CORPS Experience Guaranteed

Peace Corps volunteers have a tradition of sharing their knowledge and skills with the people of the developing nations. They're individuals who combine a special sense of adventure with a desire to help other people.

Former volunteers will confirm that two years in the Peace Corps can mean personal growth, cross-cultural experiences, and a sense of satisfaction found nowhere else. It isn't easy, and it isn't

for everyone, but since 1961 nearly 100,000 Americans have made the commitment and found it to be one of the central events in their lives.

Our representatives will be pleased to discuss with you the opportunities beginning in the next 3-12 months in Africa, Asia, Latin America, and the Pacific.
