

The Righteous Mothers

The Righteous Mothers is a spirited and entertaining group that has been performing since 1981. The group specializes in close harmony singing, with songs that range from political to fun-loving, from jazz to folk. Their music, lyrics and arrangements are original. Members of the group accompany themselves with a variety of instruments including piano, acoustic and bass guitars, violin, bass recorder and rhythm instruments.

The Righteous Mothers began singing together with no expectations of reward other than the satisfaction of creative companionship. The enthusiasm with which their performances are received has inspired them to continue. In the process, they have become songwriters, recording artists and contributors to the renaissance of close harmony. Each member of the group continues to pursue a career in social service work, and all feel that their day jobs and their music reinforce each other.

They will open the evening's entertainment at a benefit for Citizens for a Nuclear Free Oregon and Citizens for a Nuclear Free Lane County at the WOW Hall, May 2nd, at 8:30 pm. Following their performance will be a dance with the bands Liv and Let Live and Transistor.
