MEChA
Chicano/Latino Student Union
Second Annual Conference

Movimiento Estudiantil Chicano de Aztlan

MEChA, the Chicano/Latino Student Union, is formally inviting you to attend our **Second Annual Chicano Conference—Chicano Issues: La Migra, La Escuela, y El Campo: Working Towards an Impact**. The conference will be held at the U of O campus on **Thursday & Friday, May 21st and 22nd**. We invite you to share our culture and our ideas.

This year's conference is directed to the University, the administrators, the professors and the students of the U of O who can offer support to the success of the Chicano/Latino students on campus. Through our conference, we want to create awareness and bring attention to: 1) the discrimination by color and ancestry that the new immigration law will create, 2) the high drop-out rate of Chicano/Latino students creating the consequent under-representation of this segment of the population in higher education, 3) the health conditions and labor problems that our Chicano/Latino population encounter in the fields. Our objective is to work toward seeking solutions.

The workshops we have organized are the following: **La Migra** and its repercussions with the Chicano/Latino population; **La Escuela** and how to recruit and retain Chicano/Latino students, high school and college issues; **El Campo**: health, labor, and environmental issues. We have chosen several reputable leaders and scholars in our Chicano/Latino community to speak and lead workshops at the conference and assist us in meeting our objectives.

Speakers include Dolores Huerta, Vice President of the United Farm Workers, Antonia Castaneda, co-editor of *Literature Chicana*, and Jose Montoya, Chicano Poet. **FREE, open to all.**
