The Harmonic Convergence The Mayan Factor Norma Cordell

The 468 year Aztec calendar is derived from the Mayan calendar, which has a 5100 year cycle. In addition to being the end of one cycle, August 16-17th is also the beginning of another.

According to many different myths and religions these dates are set for a particular vibration or frequency (from the Great Bear constellation and the Seven Sisters constellation) to enclose the earth. Inside this frequency, a transmission, or tuning will also be given to the earth from our solar system.

This is a major event all over the world. Thousands are gathering in the sacred sights of this planet to celebrate this transmission. It is a time to listen intently to the earth, our innermost selves and to pay particular notice to humane and global issues.

Harmonic Convergence is a conscious bonding of people to support an evolutionary shift from separation to unity and from fear to love.

2 major events will be happening here in Eugene:

Sunrise Meditation at Skinner's Butte Park (the west end), Aug. 16th, Sunday morning. We will do the Great Invocation and "Lighting the Triangles," an esoteric visualization, and "Tuning the Crystal," another meditation. (Free.)

Sunday night, August 16th, 6:30 pm: There will be a teaching on the "Convergence," its implications and its history. Followed by *Journey into the Dream*, two hours of meditation, visualization and rattling, a ritual led by Norma, that takes you through yourself to the "Land of the Dreamwalkers." \$10 per person. Preregistration necessary. 344-0178.
