# OUR BUDGET OF LOCAL LORE

## WISE AND OTHERWISE

---

Merry Christmas and a Happy New to our readers.

A new roof has been put on the office building and so far as we are concerned it can now rain its prettiest.

When the great OAC-Eugene game of football was played at Albany recently Messrs. Smith, Sanders and Pendergrass of Chemawa were in attendance.

Mr. Chas. E. Larsen, who is now clerk at Jones' Academy, Oklahoma, writes us that he is greatly pleased with his new field of labor and is getting along nicely.

Not long ago our Junior class boys played a game of football in Salem against the Mutes and won out. This was followed by a return game at Chemawa, which was also won by our boys.

Of late Mr and Mrs. Teabo have been at Chemawa, the former filling, temporarily, the vacancy caused by the transfer of Mr. Larsen, while Mrs. Teabo has been the housekeeper for Mr. and Mrs. Smith.

Mr. and Mrs. Pugh returned home from Los Angeles, California, recently and we rejoice to be able to report that Mrs. Pugh was much benefitted in health by the trip. Shortly after their return home they had the misfortune to lose their infant grandson.

Mr. J. J. Guier visited the school a few weeks ago, having chaperoned a party of students from Kamiah, Idaho, to Chemawa. The gentleman is an old-time friend of Supt. Wadsworth. He was very much interested and pleased with what he saw at Chemawa.

Since our last issue Mr. and Mrs. Frank Rhodes, of Tillamook, Oregon, have visited at Chemawa. Mrs. Rhodes is the daughter of Mr. and Mrs. Woods of this place and all of us feel that she is "one of the family" and are delighted to state that all is going nicely with her and her husband.

Mr. Joseph Dillstrom recently received government appointment to the position of general mechanic at the Fort Peck school at Poplar, Montana, and it now on duty there. We are pleased to make this report upon Mr. Dillstrom and feel that a legion of friends join us in congratulations and well wishes.

Along the east side of our school grounds the hedges have been dug up. Later, if Supt. Wadsworth's plans carry, the fences will be removed and a low wall of cement blocks installed. Over this wall ivy and Crimson Rambler will be trained. There is no denying that this will add to the beauty of Chemawa, already a beautiful spot in our estimation.
