ATHLETICS

BRIEF SUMMING UP BY MR. SMITH, *Disciplinarian*

ON February 14 Pacific College went down to defeat by the large score of 50 to 24. Pacific has a very good team and the playing of her center, who is six feet four inches tall, surely shows a knowledge of the game.

February 21 Chemawa handed the second defeat of 25 to 15 to Pacific University in their own gymnasium.

The Varsity boys worked hard to wipe out the defeat in the early season of the game, but the fast work of Clements and his team could not be outdone.

March first closed the season on the local floor. Chemawa at this time stood on an even balance with McMinnville College, and this game sent out the new champions of the league. Chemawa had been greatly weakened by the absence of her star players, Clements and Wilcox. Both players were on the hospital list and did not enter the game in the first half, which stood 18 to 7 for McMinnville. In the second half the regular team opened fire on the Collegians and out-played them 9 to 6, but could not overcome the lead and the game ended 24 to 16. Much credit is due Capt. Clements and his team for the splendid showing they made this season.

By losing to McMinnville we are entitled to second place in the league.

Baseball is now in full sway and the present outlook is very good. By careful training and hard work we could turn out a good team. Redcliff and Lindsley are the new members of the pitching staff. Scowlole is in harness again. With this staff of pitchers we can make some smoke fly.

At this writing the athletic managers have a request from McCredie's Northwest team of Portland for a game on April 12th in Portland. While we are no match for the professionals, this game will be of much benefit to our boys in watching this team of stars play ball.

The relay runners will begin regular work this week and will put forth every effort to wipe out the sting of last year's defeat.
