

## ATHLETICS

BRIEF SUMMING UP BY MR. SMITH, *Disciplinarian*

THE Salem-Portland relay race has been taken off the sport calendar, which was a great disappointment to the Portland Y. M. C. A. This race has taken a prominent part in the spring sport for six years

and was becoming more popular each year. The cancellation of this annual race had been under consideration for a long time and the athletic management feels fully justified in making this stroke. It has been observed that the health of the team after each race has been detrimental to the runners, because the average age of the team has been under seventeen years. The five mile course in each relay is too much of a grueling contest, which has left the boys in poor physical condition. Now that the big race has been discontinued Chemawa will put forth every effort to develop a strong track team. The present outlook is very promising and with the proper amount of daily work in the field we may count on making a good showing.

The two weeks rain has retarded the work of the baseball team, however, our victory of 4 to 3 over Willamette is very encouraging. Capt. Walker is well pleased with the strength of the team and looks forward to a successful season.

### THE SCHEDULE—BASEBALL.

- April 12 Salem High School.
- April 16—Mt. Angel College.
- April 18—Washington High School.
- April 19 Stayton.
- May 2—Pacific College.
