## OUR BUDGET OF LORE

### LOCAL AND OTHERWISE

---

On the evening of April 16 the Seniors enjoyed a "class" dinner at which a number of friends were present.

Since our last issue we have enjoyed the usual moving picture shows and dances which have become the vogue at Chemawa.

On April the 18th the farmer boys indulged in their annual party. "A mighty good time" was the way it was reported to us.

Since our last issue Dr. Fulkerson performed quite a delicate surgical operation in removing a needle from the arm of one of our little girls. The lassie improved rapidly after the needle was removed.

Each year, as our magnolia tree gains strength, it produces more and more blossoms. This year it made the best showing yet and in its season is very attractive, standing as it does in front of the Office.

Supt. Wadsworth was pleased to receive an invitation to attend the commencement exercises at Sherman Institute which occurred May 11 to 14 inclusive. He also wishes to acknowledge the receipt of an invitation to be present at the Forty-fifth Anniversary Exercises at Hampton Institute, April 25th.

Since our last issue Mr. Joseph Teabo paid Chemawa a visit. On his return to his Grande Ronde home Mrs. Teabo accompanied him—she had been here for a few months in the capacity of housekeeper for Mr. and Mrs. Smith. We are always pleased to welcome these well-known Chemawa people when they return to the fold.

Mrs. Minerva Matthews and small daughter of Olyphant, Pa., have arrived at the school since our last issue and are now numbered among "our people." Mrs. Matthews is a graduate of the Bloomburg State Normal School of Pennsylvania and has taught in that state and also in California. We are pleased to welcome herself and daughter to our midst.

Supt. Wadsworth has received from Mr. C. F. Hauke, Acting Commissioner, at Washington, D. C., an acknowledgement of the receipt of \$28.40 sent by the pupils of Chemawa to the flood sufferers. Other contributions were made by employes and sent separately to the assistance of the stricken sections of Nebraska, Ohio and Indiana. Acting Commissioner Hauke said: "Convey to the students, employes and other contributors the hearty appreciation of the Office in their ready response to the appeal for assistance for these people, and thank them for the contributions."
