During the past week the school's discipline has greatly improved.

Jack Frost was around early this morning. Jack was all over the school grounds.

Dewy Conway is about the best speller in the fourth grade.

The Nut Cracker Literary Society is getting better every week. The boys are deeply interested in the society.

Montana has the finest grazing land in the west. My home is in Montana. I am ten years old.

The Nut Crackers are improving in their society work. Miss Gaither gave them a good talk to help them along.

Mr. Smith gave us a very excellent talk and he said the other schools are trying to stop the habits of tobacco using and wants us to try it too.

I have now been in the kitchen for a month and I like the kitchen. Some say it is hard, but I don't think it is. There are five boys and ten girls. We all get together and do the work right. Every Monday, Tuesday and Wednesday we have lessons. We are taking Salem High School domestic science lessons; Mrs. Brewer is our cooking matron.

At St Marys Mission, Washington, I was working in the dairy. I milked cows every day for four years; also did plastering work. I helped plaster the schoolhouse and cement the floor. I was pretty good at it. Before I came here I made a cement walk and floor for the agency.

I have been working in the sewing-room for a month now and I like it very much. Mrs. Fickle has been very nice to us all. We have been making towels nearly all the while I was there. Now I work in the laundry.

HONOR STUDENTS

The following are honor students for the one month, having made an average percentage of 90 or more:

FOURTH GRADE

Andrew Williams	97
Annie Miller	97
Barney Tolson	94
Roy Nuckolls	94
Leo Fleury	93
Ethel Monohon	92
Henry Courville	92
Moses Wilson	92
