OUR BUDGET OF LORE

LOCAL AND OTHERWISE

Supt. Wadsworth has undertaken a number of improvements about Chemawa which are keeping our plumbing force very busy.

On the evening of February 9th a most entertaining meeting of our employes was held in the Auditorium. Supt. Wadsworth presided.

During a recent wind storm one of the trees on the north side of the bandstand blew down. So it may be realized that we had some blow here.

Mr. Mitchell and his detail got busy recently and fixed up a porch and shed at the "Mess" building. This was a much-needed improvement.

On the evening of February 13th the Seniors and Juniors gave a memorable party in the Gymnasium. All went as merrily as a "marriage bell."

Mr. Pugh and a force of boys are busily engaged at the task of tearing down the old water tower. Tearing down this great structure is no small undertaking.

Ground Hog Day brought sunshine at Chemawa, so according to the old saw it is presumable that the Chemawa hog went into seclusion for six weeks pending bad weather.

On February 7th Supervisor H. G. Wilson of Roseburg, Oregon, was here for a few hours. He was enroute to Washington, D. C., on official business which may detain him in the East for a month or longer.

We are in receipt of a letter from W. D. Williams now at Ukiah, California, where he is in government employ in the Forestry Department.
