

ACADEMIC LOCAL

The breakfast given by the Y. W. C. A. girls under the supervision of Mrs. Brace, advisory member, was in every way a success, \$26.00 being realized.

Mr. J. L. Johnson arrived a few days ago from Lame Deer, Montana, where he had been teaching in one of the day schools. He has been assigned the fifth grade and Miss White has been given the sixth grade, taking Mr. Fickle's room.

One particular little "Beauty Spot" that attracts and holds attention is the bed of pink and red tulips which is located just in front of the office. Originally the pink tulips were white, but pollenization has turned them to a pretty pink color.

Peter Fontaine and Armidee Juneau, seventh grade boys, gave interesting talks during recent chapel exercises. Peter told about Glacier Park, Montana, which is near his home. Armidee talked about the fine farming land of Alberta, Canada, which is a good wheat section.

Miss White told the story of the "Flying Dutchman" to the students in chapel Monday morning. Miss Brewer rendered one of the selections from the opera, "The Spinning Wheel." Both were interesting and highly appreciated by the students and those so fortunate as to hear them.

Misses Fox and Butler, Traveling Secretaries of the Y. W. C. A., visited the school recently and addressed the students in the chapel. Mr. Chapin, of the Department of Agriculture, was present at the same time and announced the canning club contest for the girls and a corn growing contest for the boys.

At our general assembly exercises not long ago the student body and faculty had the good fortune to hear the able address given by Rev. F. G. Henke of Willamette University on the subject, "If I Were a Boy Again." The address was interesting and instructive and made a lasting impression on all who heard it. Many of the students have expressed themselves in this way, "Mr. Henke's address did me a world of good."

Mr. Harry L. Fickle, who has taught in this school for several years, has recently been transferred to the Postoffice Department in Portland, which comes as a promotion with an increase of salary. We regret very much to lose Mr. Fickle from our corps of workers. He is a conscientious, faithful employee, courteous and obliging and always ready to give a helping hand. The Postoffice Department is fortunate in securing the services of such a man. Mrs. Fickle and little Susan will remain at Chemawa for an indefinite period.
