

have been high and his work has been earnest and thorough. Frank Johnson entered from the Chemawa eighth grade and has made a splendid record. From the very first day he did good, honest work, and he kept up the effort so well that he did not get a poor mark all year. Nick Hatch was out on account of illness, but did good while in school.

It would be hard to find four other boys in the high school with more high marks and a better standing with their teachers than these four boys of Chemawa.

### FORTH WE GO

(Class Song)

Straight before us now our pathway leads,  
While hope doth light the way,  
Tho' the voice of Friendship fondly pleads,  
"Fare thee well" this hour we say.

We go resolv'd  
To achieve the best in life;  
While yet rememb'ring well this hour undimn'd  
By care or strife, this hour undimn'd by care or strife.

Who shall say what fame awaits us there,  
Where lead the paths we tread?  
May the Right e'er guide us ev'rywhere!  
Truth and Right! by them be led.  
Our strength here gain'd  
From the school, the school so blest;  
By thee sustained thro' all with cheer we go  
On life's new quest, with cheer, we go on life's great quest.

#### Chorus

From this beloved school we part to-day,  
Looking forward, looking forward;  
To those who've been our guides in wisdom's way,  
To those a kind farewell we say,  
Looking forward, looking forward, looking forward, forth  
we go.

Hail and farewell! Hail and farewell!
