## OUR BUDGET OF LORE

### LOCAL AND OTHERWISE

Not long ago Mrs. Brewer spent a week in Tacoma, Wash., attending business and visiting friends.

Harry Jones, Silas Moon, and Andrew Walker were among the ex-students who were here for our commencement.

Miss Ruth Brewer is reported to have made fine grades in her class-work in Salem High at the close of the school year.

The decorations in the auditorium for the baccalaureate exercises were the work of Simon Fratis, and they were most tasteful in every way.

Miss Gaither, our principal teacher, departed for a trip east directly after the close of her year's work. It is hoped that she may have a pleasant visit at her old home.

Mr. and Mrs. Joseph Teabo came over from their Grand Ronde home to attend the commencement exercises. Many friends were glad to welcome them, but we regret to state that the health of Mr. Teabo has been very bad of late.
