

Miss Inez Peconam arrived at Chemawa on October 8th in charge of a party of three girls from Susanville, California.

Dr. M. F. Clasius, of Siletz, paid a visit to Chemawa friends recently, and we were all glad to have him here, even for a brief visit.

On the evening of October 11 Mme. June Reed, violiniste, and Miss Alicia McElroy, pianiste, played a concert program in the Chemawa Auditorium. They were favored with a large and enthusiastic audience. All were delighted and spoke in highest praise of the numbers given and their artistic rendition.

We note with pleasure the receipt of a couple of programs given at the Tulalip school, Dr. Chas. M. Buchanan superintendent. Like all of the Doctor's musical programs, the numbers are appropriate and high-class. The effect, or result, of such programs must be for the betterment of all who attend them.

U. L. Clardy and family have gone to Fort Apache, in the White River District, Arizona, where Mr. Clardy has a position as issue clerk. The southern position was accepted on account of the health of little Bettie, a daughter. Many friends will be pleased to hear that the family has health, success and happiness in the new environment.

Mr. J. J. Heath was a visitor here recently. Years ago Mr. Heath was printer at Chemawa, but at present he is engaged in the publishing business in Raymond, Wash. Mr. Heath has many acquaintances among the older employes at Chemawa who are pleased to note his successes. While here he noted many changes and improvements and stated that he would always retain his interest in the institution.

During the month of July Dr. L. J. Frachtenberg, an ethnologist working in the interest of the Smithsonian Institute, arrived at Chemawa where he expects to be employed for the course of a year or longer. In the latter part of September he was joined here by his wife, who came direct from Washington, D. C. They have gone to housekeeping here. During the previous year or two Siletz has been Dr. Frachtenberg's field of research.

COMPLIMENTARY

Supt. Wadsworth is in receipt of the following correspondence, which is self-explanatory and very complimentary to us, coming from the source it does, and relates to the catalogue recently issued by us:

DEAR SIR: Enclosed please find letter from the Strathmore Paper Co. which will certainly be of interest to you and we ourselves wish to compliment the pupils on the high class and efficient work shown in this
