

delight of the school. Mt. Angel was no match for Louis Paul's men, on the muddy field. End runs, line plays, forward passes, in fact, anything that Downie called was good for yardage. The first period ended with 38 to 0 and the second period the score stood 57 to 0. In the second half Chemawa sent in the entire second team. They also drove the Collegians down the field and scored six points, bringing the total to 63 to 0.

November 7th we lost to our old rivals, the Aggie Freshman, 25 to 0. This team had seven varsity men in their line-up. Our boys did well to hold the score down, as this Freshmen team is better than many of the college teams in the state. We played them to a stand still in the first quarter; in the second they scored two touch downs, one in the third, and one in the last period by picking up a fumble and running thirty-five yards.

We were scheduled to play Pacific College on the 14th at Newburg, but through the unsportsmanship of the college manager, he decided rather than to take a good beating he would play safe by cancelling the game. He charged that we were not playing a legitimate team; he overlooked the fact that they are playing one of their professors in all of their games, also that this professor played against Chemawa both of the last two years.

Willamette will not play us this year because they feel that our team is at least four touch downs better than they are. This is the Willamette spirit. During the last three years nearly two hundred students headed by the band have gone to the Willamette field, when we never expected to score. This is the Chemawa spirit.

On the 21st Pacific University will meet us on our field. Last year they bested us by a 7 to 6 score. This year we should win by a good margin.
