

## ATHLETIC CORNER

### A COMPREHENSIVE RESUME OF ATHLETIC ACTIVITIES

WITH the present issue of the Chemawa American the Athletic Association which was organized during the previous month, enters into the second month of its existence. The results, moral and financial, accomplished by this Association have proven highly satisfactory. In spite of the fact that last month was not a very good time for obtaining financial aid from the employees and students, not less than 102 season tickets were sold, and it is highly probable that, within the next few days, more members of Chemawa's faculty and student body will signify their willingness to be enrolled as Active Members of the Association.

The Association has been organized on a firm and independent basis, and will be in charge of the following officers: H. E. Wadsworth, President; Edwin A. Smith, Vice-President; Gordon Hobucket, Secretary; Dr. C. D. Fulkerson, Treasurer; Dr. Leo J. Frachtenberg, Manager; Emil H. Hauser, Coach; Mrs. Nannie M. Willis, Girls' Athletics; Frank Peratrovich, Football; Henry Elk, Baseball; Frank Chamberlin, Basketball; and Russel Adms, Track.

An application by our Association, addressed to the Athletic Council of the Independent Colleges of Oregon, to admit Chemawa into the Athletic League of these colleges, was turned down on the grounds that Chemawa is not a college. There are, however, strong probabilities, that Chemawa will eventually be made a member of this League. In the meantime all the colleges, composing this League, have pledged themselves to meet our athletic teams on an equal footing.

The basketball season is in full blast. In addition to a good representative Girls' Team, Chemawa has put forth this year a strong First Team, a Second Team, and a fast aggregation of Juniors. Our First Team seems to be very much in demand, as is evinced by the fact that games have been scheduled thus far with Willamette University, McMinnville College, Pacific College, Pacific University, Philomath College and Mt. Angel College. Other games, in the process of arrangement, are with Oregon Agricultural College, with the Portland Y. M. C. A., the Multnomah Club of Portland, Eugene High School, Washington State College and the College of Idaho. A number of good games have been also arranged for our Second and Juniors Teams.

None of our teams have thus far struck their regular gait. With the exception of the Juniors, all other teams have been defeated in fast and close games. Our girls were beaten by the Silverton High School girls in
