

Our moving picture shows continue to move every two weeks—thanks to Supt. Wadsworth.

Soon it will again be time to prune fruit trees—if it is not already. Maybe our fruit and orchard man, Mr. Westley, is ahead of us and already at the work. This would be just like him!

Mr. Goodnough, well-known pianist of Portland, is still coming to Chemawa to instruct his class semi-monthly. We feel grateful to have so eminent a musician available for the instruction of our people in their efforts to advance themselves in music.

Our enterprising merchant, Mr. R. G. Henderson, has purchased an automobile—a Ford—and according to reports will extend his business by jobbing throughout the country. This looks to us like a good move on his part. He is having a garage fitted up just a short distance south of his store.

During the past month we had quite a bit of ice-skating at the school. The pond just south of the barns was the place where the sports were held. It was lots of fun, but finally the ice got rotten and a few youngsters broke through and got good duckings—but no-one suffered in any way from their experiences, we are glad to state.

On the evening of January 31st Supt. Wadsworth called a meeting of all employes for the purpose of discussing various matters which will have to be met in establishing the new course of study at Chemawa as outlined by the Indian Department for the schools of the service. Much interest was manifested during the meeting.

This year there will again be a series of institutes for Indian service employes held at many of the schools. The schedule is as follows: Haskell, Lawrence, Kansas, June 19 to July 1; Santa Fe, Santa Fe, New Mexico, July 3 to July 15; Sherman, Riverside, Calif., July 17 to July 29; Salem School, Chemawa, Oregon, July 31 to August 12; Tomah, Tomah, Wisconsin, July 31 to August 12; Rapid City, Rapid City, S. D., Aug. 14 to Aug. 26; Carlisle, Carlisle, Pa., Aug. 14 to Aug. 26.

After service at Chemawa of six years duration, Dr. C. D. Fulkerson departed on Jan. 31st for Warm Springs Agency, Oregon, to which place he had accepted a transfer. A couple of evenings before his departure a large number of employes called at the apartments of the Doctor and Mrs. Fulkerson and passed a most pleasant evening—a farewell testimonial for the doctor, as Mrs. Fulkerson and son, Donald, are to remain here for the present. A most pleasant evening was passed and delicious refreshments were served the guests. Despite the inclemency of the weather a good-sized delegation of well-wishers were at the depot to speed the Doctor on his way when he took his departure. He took with him only good wishes for his success in his new field.
