

At the recent Y. M. C. A. convention, held in Corvallis, Chemawa was represented by Irving Shepard and Aurelius Talbot.

St. Patrick, Ireland's patron saint, will soon be refreshed in our memories by the recurrence of the day celebrated in his honor—March 17th.

Mr. Westley has purchased an automobile. He has always been noted for having many friends, but from now on we predict that he runs some risk of being burdened with them. Ahem!

Louis Paul, who graduated from the Salem high school last month, has accepted a position as stenographer in a Portland insurance office. We sincerely hope that he may make good. Louis is a pretty capable fellow and is no "sleepy head."

Of late Mr. Pugh and his force of boys have been cutting timber in the wooded lot east of the hospital and sawing wood for the school. This was a practical thing for Supt. Wadsworth to have done. We had the standing timber and needed the wood for school use—at the same time we are saving money on wood we are getting the land cleared.

Tom J. Philips, who came to Chemawa from Sitka, Alaska, last September, has had poor health a good bit of the time since his arrival. A short time ago he was sent to the sanatorium at Lapwai, Idaho. We have not heard from him since his arrival there, but are hopeful that his health may improve speedily in his new environment.

On the evening of March 6th employes and pupils assembled in the auditorium for the purpose of honoring our successful athletes and being entertained by addresses, and music by the band. In many ways it was a memorable occasion, but owing to the fact that our next issue is to be an athletic number we are withholding extended mention until next month, when a full report is promised.

February was the date of a party given jointly by the Nonpareil and Winona society girls. Much preparation of every description was made for the occasion and it is reported to us that the decorations in the big gym were superb. A fine literary and musical program was given and there was dancing and refreshments. No wonder the occasion was one never to be forgotten.

During the latter part of February Miss Troutman accepted a transfer to the Ft. Bidwell school in California. For a couple of weeks thereafter the position of matron for the small boys was filled temporarily by Mrs. Culbertson. On March the 4th Miss Ethel G. Knox arrived to fill that position permanently. Miss Knox comes to Chemawa from the Umatilla school and we hope that she may like Chemawa—the place and people.
