

## GYMNASIUM ENTERTAINMENT

SPLENDID SHOWING MADE BY THOSE UNDER DRILL  
BY MR. SMITH

THE entertainment given in the gym March 8 was deserving of much credit to the school and will serve as a splendid example of what can be done in the nature of physical training. The general appearance of the boys' battalion since this line of work is being carried on will reflect credit to the untiring efforts of those who are directly in charge of the work. The several numbers on the long program were well rendered, each boy and girl doing his or her part well.

The flag drill by the Winona Hall girls was the first number. Fully sixty girls were in the drill, which was simple and yet impressive in nature. At the close of the drill "Old Glory" was raised to the high ceiling, the girls giving the salute and repeating the pledge.

McBride Hall girls came on for the second number with a well-arranged wand drill. The girls made a very nice appearance and won much admiration for the efforts displayed in the drill.

The boys from the Small Boys' Building appeared for the third number, in a calisthenic drill. It seemed that their efforts won the most hearty applause, owing to the movements in the drill. The dry land swim, boat ride and beetle bug movements were the features in their numbers.

The Brewer Hall and Mitchell Hall boys easily carried off the honors in the Indian Clubs and dumb bell drill. Each exercise consisted of fifteen movements, some of which were difficult, however, well carried out.

The mat tumbling by Alex Melovidov, Ivan Anderson and William Albert was the result of a great deal of hard work. High jumping from a spring board, vaulting from the horse, rope climbing, going through the traveling rings, flying rings, work on the parallel bars, horizontal bars, and horizontal ladder, added a great deal to the evening's entertainment. The marching and general order during the drill and exercises was excellent.

Owing to the faithful assistance of the pianist, Miss Gertrude Brewer, the evening exercises were rendered in a very creditable manner.
