

Miss Marie Mann has gone to Southern Oregon to reside with friends in that section.

Many of our employes are already on "annual leave" while others are preparing and planning for their vacations.

Father Gregory, of Mt. Angel, visited Chemawa not long ago and while here delivered an able and interesting address to the Catholic students.

We are pleased to acknowledge with thanks the splendid commencement announcements from the schools of Springfield, So. Dak., Lawrence, Kansas, and Chilocco, Okla.

Among other items of business that engaged Supt. Wadsworth's attention just previous to his departure for the Soboba school, Southern California, was the placing of bids for sewer construction and the purchase of new boilers for the power plant.

Miss Katie Brewer is home from Tongue River, Montana, where she has a government position, and will pass her vacation here. She has made good in the service and is to return to Tongue River on the termination of her "leave of absence."

Mrs. Clara Meyers and two children, Lucile and Louis, of Belton, Montana, have been guests at the home of Supt. Wadsworth of late, and are yet. Mrs. Meyers is a sister of Miss Agnes Wadsworth and this is her first visit to the school. She says that she has enjoyed herself immensely during her visit her.

Among the latest papers to reach our desk is "The Tulalip Bulletin," published at Tulalip, Wash., under the supervision of Dr. Chas. M. Buchanan, superintendent. It is a welcome visitor, and like everything that bears the Doctor's seal, it is most creditable in every respect. Beyond doubt the Bulletin will live a life of usefulness.

On June 9th Mrs. Brace and Miss Mitchell left for Lawrence, Kansas, the former to take up the task of teaching Library Methods during the various Indian Service Institutes, with the opening of the Haskell Institute. From there Mrs. Brace will go to Riverside and thence home. Miss Mitchell went to Lawrence to pass her vacation with friends and relatives.

On Monday evening, June 26, the day before Supt. Wadsworth left for his new field in California, the employes held a reception in his honor as a slight testimonial of their esteem for him. It was a very pleasing event in every way and the only thing that in any way detracted from the enjoyment of the occasion was the note of regret that Mr. Wadsworth was leaving. We all wish him unlimited good luck wherever he may be.
