

PUPILS' NEWS ITEMS

A 50,000 gallon concrete tank is being constructed in which to store the crude oil used for fuel.

Bernard Sanderson arrived at Chemawa Friday morning from his home in northern California.

Miss Viola Spencer, a student here last year, has returned, bringing a number of new girls with her.

Mr. Hauser and family visited Portland on Saturday and attended the Nebraska—O. A. C. football game.

The eight grade pupils will present the Christmas play and the ninth will have charge of the Washington Day exercises.

Miss Ada Rice of the Klamath Agency school, arrived on Thursday, acting as escort for Edna Hill who was enrolled as a student.

The first year girls in Domestic Science, Seventh B, have taken up their first lesson in cooking. They have been busy helping the canning classes.

Dr. Dickason, Field Dentist, has been at Chemawa for some weeks attending to the pupils' teeth. His office is located in room 2, school building.

The Nonpariel Literary Society held a meeting last Wednesday evening and twenty new members were admitted. There is always room for earnest workers.

Mrs. Henderson, wife of our popular merchant at Chemawa, spent several days last week in Salem at the bedside of her mother who had undergone a serious surgical operation.

Shortly after Christmas the pupils will be chosen to take part in the school play to be presented the last of the year during the alumni and ex-student reunion and other events.

Our genial station agent, Mr. Frank R. Pendergrass, is taking a leave of absence in the hills of Southern Oregon, hunting deer. We are daily waiting for the venison to arrive.

Considerable improvements have been made in the rear part of Brewer Hall. A new stairway has been constructed as well as cement floors. The carpenter detail is kept busy these days.

The masons have just completed a walk across the road in front of the main entrance. They also laid a concrete floor for Superintendent Hall's new garage. The carpenter detail is now erecting the frame.

The orchestra members are glad to welcome the return of Frank Peratrovich and Peter Dick. These young men are musical and play the cornet and trombone respectively. Much is expected of the school orchestra.

The library has been enriched by the addition of two stacks, which now hold the periodicals, bulletins

and new books that encumbered the tables last week. Our bulletins cover a wide range of subjects and are proving invaluable to the industrial departments.

The Eighth grade has been building silos and filling them on paper. That their work is practical the following problem will show: "If you have a herd of 8 cows, how large a silo should you build to provide 35 lbs. of ensilage twice a day to each cow for six months?"
