

HONOR ROLL

The following named pupils at Chemawa have maintained a general average of 90 or more per cent in their academic work for the month of November. Our pupils are showing no little interest in their studies as the size of this list will prove. Those receiving not less than 85 per cent are excused from attending study hour, if they so desire:

PUPILS' ITEMS

Miss Mitchell is giving crocheting to the girls.

Roy Nuckolls loses no time while ploughing; he is reliable.

Vegetables is the topic that the domestic science classes are studying this week.

Thanksgiving was thoroughly enjoyed by the students, especially the good dinner.

Mr. Sanders is coaching the girls for basketball. We expect to have a winning team.

Laura Squiqui is leading the 8th grade, but she must look to her laurels next month.

Our dairy herd is now being fed the ensilage and the cows are improving in their flow of milk.

The Winona Society appreciated Mr. Hammond's talk at the last meeting and hope to profit by it.

The gardeners have a fast basketball team and expect to carry off the honors this season. Look out for us.

Winona society was honored with a visit from Mrs. Culbertson last meeting. She gave a short and helpful talk.

The carpenters have been very busy repairing the floors and windows in the various buildings about the campus.

Frank E. Johnson is a good barber. The boys depend upon him to cut their hair and he always does a good job.

The second football team were considerably disappointed in not securing a return game with Dallas. Wait until next year.

We are anticipating an interesting evening at the time of the debate; each society is studying up; some good talks will be heard.

Archie Lane, who is a vocational painter, is improving rapidly in his line of work and takes responsibility like an old veteran painter.

The 8th and 9th grade girls are studying about waiting on the tables, setting tables, and table manners at the domestic science building.

Mr. Loos and Mr. and Mrs. Smith were visitors at the Excelsior society last Wednesday evening. Mr. Smith gave a stirring talk on society spirit.

Do not forget, members of the 7th grade, to work hard all this month. Let us see if every-one in the class can secure 90 or more percent and get all of our names on the honor roll.

Another forge has been added to the blacksmith shop, making six forges in all. Business is rushing in the blacksmith and wagon shop. Good instruction and good work; a lively place.
