

ANOTHER ANNIVERSARY

In our last issue space was devoted to a write-up of the 37th anniversary of this great institution—the Chemawa Indian School. There was every evidence of enthusiastic interest on the part of pupils and employes. The date of the school anniversary was February 25th—on the 28th of February there was celebrated at Chemawa another anniversary. The former was sanctioned and aided in every way by Supt. Hall—the second anniversary observation, that of the 28th, was a bona fide event before he realized what was going on. The occasion was the 24th anniversary of the wedded life of Supt. and Mrs. Harwood Hall. While we defer to our Superintendent and his good wife in nearly everything, on this occasion neither of them were consulted, nor are they in the writing of this article.

Just after supper the boys of the school, headed by the band, marched in a body to "The Cottage," where the girls joined them. School yells and 'rahs were given in honor of Supt. and Mrs. Hall, who shortly after made their appearance and were presented with a large and beautiful bouquet of white carnations, tastefully arranged and tied with red chiffon—the offering being that of the boys. During the call of the student body the band played three selections, and both Supt. and Mrs. Hall voiced their appreciation, and made known how feelingly they had been touched by an event which would never be forgotten.

At eight o'clock in the evening the employes of the school called in a body at the home of Supt. and Mrs. Hall to extend to them all good wishes and congratulations. This, too, proved a most happy occasion. Conversation, games, music by the string quartet, together with delicious refreshments, made all too fleet the passing of a couple of hours. This second anniversary observation gave pleasure to employes and students in large measure, and we are certain that Mr. and Mrs. Hall appreciated it all to the fullest and that henceforth, so long as they shall live in Chemawa, they will feel that their abode is among friends.
