WINONA SOCIETY ENTERTAIN

One of the most enjoyable parties of the year was given by the Winona Society in the gym on Saturday night. The girls had gone to considerable work in decorating the gym with greenery and pennants and streamers of the society colors, while Indian baskets and rugs were used artistically to carry out the scheme in honor of "Indian Day."

About 150 students and employes attended. The evening was spent in social conversation, games and dancing, which was interspersed with a short program consisting of a piano solo by Catherine Reed: recitation by Laura Therriault; a pantomime dance by Mamie Frisk, at which time four girls sang a song. Tables were set around the balcony and a bounteous repast was served. Laura Squiqui, president, Rose Simmons and Julia Mills were prominent in planning and arranging for the entertainment of the guests.

At the close of the refreshment period, Reggie Downie, as president of the Student Body, Mae Adams, president of the Nonpareils, Henry Darnell, president of the Excelsiors, Frank Peratrovich, president of the Reliance, and Anna Loftus, president of the Sigma Phi Deltas, and Miss Roberts, advisory member of the Winonas, gave brief but appropriate talks complimentary to the occasion. The young men guests gave three cheers for the Winona Society at the close of the evening.

CHEMAWA DEFEATS MT. ANGEL

In a fourteen-inning game of baseball, Chemawa defeated the Mt. Angel team last Saturday with a score of 2-1. The visitors made their only score during the first inning, while Chemawa scored in the 6th and 14th. The game was a good one from beginning to end and kept the audience thrilled throughout.

Joseph Bettles did the pitching. The last run was secured by Reggie Downie, who batted a grounder through the right field and gained first base, while James Crane followed with a heavy hit past center field, making a three-bagger and enabling Downie to register a score, thus winning the game.

AMERICAN INDIAN DAY

On Saturday last Chemawa celebrated American Indian Day with a meeting of the entire student body and employes in the auditorium, at which time the following program was given:

Song—America	- - - - -	Audience

LOCALS

The 8th and 9th grade vocational domestic science classes give a demonstration in that department today. A big display of canned fruits, jellies, jam, pickles, marmalade, spiced fruit, cake, pastry, bread, salad, desserts, etc., is in evidence. The committee appointed by the Superintendent to grade the pupils on their exhibit will inspect the work and determine the standing by the showing made. This exhibit is also open for inspection by all who are interested. Last week the sewing departments had their exhibits. All of the industrial departments are required to have demonstrations, which is in accordance with the new course of study.
