REPORTER'S NOTES

By Robert Downie

On Wednesday the training table for the football boys was broken up. This was a sad affair!

On Sunday, George Lekanoff, of Alaska, returned to school. He was welcomed by his many friends at Chemawa.

Chemawa's prospects for a basketball team are great. Four of last year's team are present and a winning team may be expected.

William Johnson now has complete charge of the barber shop at Brewer Hall. The shop is kept in good condition at all times and good service can be had. Try him!

Football will now be a thing of the past until next season. On Friday all football supplies will be turned in to the manager at the gym. Basketball outfits will be handed out soon.

Much preparation has been made for the Thanksgiving program which will be staged tonight, including all of the grades. Come one and all and enjoy the evening's program.

Mrs. Smith entertained on Monday night with a delightful party in honor of Mr. Smith's birthday. The guests were: Mr. and Mrs. Loos, the Misses White, Gertrude and Sarah Brewer, Laura Therriault, Retha Carson, Mrs. Teabo, and Messrs. Ivan Anderson, Frank Chamberlin, and Leland Tharp.

Paul Liphart, who recently purchased a Ford, is learning to operate the machine very rapidly. He will be heard at various times passing the grounds with the cut-out open.

Lewis Towner, ex-student, recently joined the 20th Foresters and on Saturday was transferred to Washington, D. C. The Foresters will be among the next to go across the "pond."

On Friday last the Chemawa football team had a light practice on the Cushman athletic field at Tacoma. They were welcomed by Superintendent Hammond, former assistant superintendent at Chemawa.

The nurse girls have recently organized a Bible class at the hospital. One hour a day is taken from their spare time for this study. The girls are under the direction of Catherine Reed, who takes much interest in the study of the Bible as well as her nurse work.

The gym work at Chemawa is something for the students and employes to be proud of. The swinging of clubs and the folk dancing and other athletic activities is far beyond that of previous endeavor. Mr. Smith is now working hard on a program to be rendered during the Christmas vacation.

LOCAL

Many repairs have been made to the large poultry house in which to house the school chickens.

A large crowd of boys, under Mr. Freed, have done good work cleaning out the drainage canals through the farm.

Mr. Turney and Miss Gertrude Brewer will hear Ysaye, said to be the greatest violinist in the world, in Portland this evening.

The high school students are at Chemawa this week on account of there being no school while the city teachers attend institute.

Irving Shepard and Elwood Towner, high school students, are devoting this week to tearing down the platform in the old assembly room and arranging the room for the use of the Y. M. C. A.

Mr. Westley, gardener, whose vacation period expired, is still unable to return to his work by reason of being severely afflicted with rheumatism. He has been a faithful employe. It is hoped at the end of a month's sick leave he will recover his usual health.

Mitchell Hall boys had best bestir themselves or else Brewer Hall boys will out-do them in the care of their rooms. The appearance of Brewer Hall has taken on a much better air. Mrs. Doherty and her boys are working to maintain a spic and span building.

Mrs. Brace is wearing more of a smile than usual this week on account of being relieved of the responsibilities attached to an acting principal's position. She has done well in handling her own classroom, library and principal's work since school commenced in September. A willing, cheerful worker is always appreciated.
