

**THE WAR SAVINGS PLAN IN A NUTSHELL**

The Government's War Saving Plan, is a plan by which you can lend small savings to your government at four percent interest, compounded quarterly.

You lend to your Government by the purchase of war savings certificates and thrift stamps.

A war savings certificate costs \$4.12, if purchased this month or next—the cost to advance one cent each succeeding month during 1918. On January 1, 1923, the certificate will mature and the Government will pay you \$5 for it.

A thrift stamp is a stamp costing 25 cents, to be applied in payment for a war savings certificate. It does not earn interest, its purpose being to help purchasers to accumulate in 25-cent pieces the amount necessary to pay for a war savings certificate.

War savings certificates and thrift stamps can be purchased at your postoffice, from your city or rural mail carrier, at your city banks, and from your merchants and other authorized agents.

Though money with which to carry on the war to victory is the immediate consideration in the Government's war savings certificate and thrift stamp appeal, real and lasting benefits to the nation are going to accrue by virtue of the more general practice of national thrift which the campaign is expected to develop. The Government hopes to make us a more thrifty people, not merely for the duration of the war but for all time. Uncle Sam feels that if he can make us a nation of savers he will have made us a nation of servers to all mankind.

Charles N. Wonacott, assistant general secretary of the Portland Y M C A, is now directing his major energies for success of the War Savings campaign, having accepted appointment as associate director for the campaign in Oregon. Mr. Wonacott went over the top with Oregon in the recent Red Cross and Y M C A fund raising campaigns, and he holds that the new thrift program, providing for the loan of small savings to the government for war work, is just as essential and important as the larger Liberty Loan investments.

**REPORTER'S NOTES**

By Robert Downie

The visiting alumni were entertained in the South wing of the dining hall.

Last Wednesday Sophie Anderson had charge of the preparation of the students' supper.

Last week the pupils were very busy making gifts for their friends about the school and elsewhere.

A fire is kept in the root house at all times in order to keep the potatoes and other vegetables from freezing these cold days.

Mrs. Brewer made thirty pounds of butter for the students' Christmas dinner. The students appreciate this very much.

Last week Russell Adams made a table for use in his room. Russell is one of Mr. Woods' right-hand men and is doing good work.

The members of the 'varsity basketball squad are glad to see Russel Adams in action again. He strengthens up our team a great deal.

Mr. Pendergrass, who recently returned from Montana, is now acting assistant engineer at our plant. The students find him very pleasing to work with.

Christine Forsman is in charge of the smaller girls in the school instructing them how to mend stockings and other articles. She is very successful in teaching the small children.

Last week the members of Mitchell Hall were busy preparing to entertain the McBride Hall girls at Mitchell Hall. The girls were surprised to see how home-like the boys are at Mitchell Hall.
