SEVENTH GRADE CLASS PARTY

On Saturday evening, January 26th, the First Year Vocationals gave a very enjoyable party to a number of their friends. The room was transformed by the bright blue and red of the class colors and the many bright pennants. There were cozy corners and game corners and a goodly stretch of finely waxed floor. Beebe's orchestra occupied a raised platform and played real old-time music. The following short program came first: Welcome, Albert Hayes, president; Music, Cornet Duet, Conway Brothers; Recitation, "Our Hired Girl," Thelma Orsen; Music, Mynuk and Beebe; Class, Song of '21. The class president then announced an additional program of pleasure from a large blackboard where there was written in red and blue twelve events.

Number 12 was the refreshment march. All found supper partners and fell in line. As the orchestra played a lively march the line passed a long table where a lunch of sandwiches, coffee, cake and ice cream, was served in cafeteria style.

When lunch was over there was a request for a repetition of the class song and again the Seventh Grade sang, "Hail to Thee, Chemawa, Twenty-One." This was followed by the "Waltz of 1921," which sounded strangely like "Home Sweet Home."

The departing guests complimented the president, Albert Hayes, the chairman of the refreshment committee, Nellie Francis, and the entire class on their very successful evening.

The most noticeable feature of the party was the way in which the members of the class made sure that each guest was well cared for throughout the evening. This class courtesy was commented upon by several of the guests.

It is said that the preparation and execution of the whole affair was almost entirely accomplished by the pupils themselves. That looks like they were realizing their motto—"Perseverance." The students of this grade in their thoughtful courtesies to all guests show the good training given by their genial, capable teacher, Mrs. A. B. Risser.

CHEMAWA 28--MT. ANGEL COLLEGE 17

After several defeats, our team was finally brought down off its "high-horse," and is once more playing stellar basketball. The 28 to 17 victory over Mt. Angel College on Wednesday proves the team has not been playing up to its standard. The team work and the basket shooting was more like it ought to be.

Nix and Peratrovich played so that it was almost impossible for the visitors to work the ball to the basket, which accounts for their small score; three field goals were made by the visitors. Chamberlin played his usual good game and held his man to one field basket. The line-up was as follows: Adams and Downie, forwards; Chamberlin, center; Nix and Peratrovich, guards. Robert Downie replaced Reggie Downie in the early part of the second half of the game on account of Reggie's injury.

LATE DRAFT INFORMATION

Neglect by any draft registrant who has been granted deferred classification to report to his Local Board within five days any fact that might change or affect his classification, will be a very serious matter, indeed, for that draft registrant.

The penalty for such forgetfulness is up to one year in jail. And Government appeal agents and the police have been instructed to watch very closely the status of all registrants in deferred classes.

As an example, suppose a draft registrant, who otherwise would be in Class 1, to have been granted deferred classification by reason of his employment in a shipyard.

His deferred classification holds good only for the time he is actually so employed.

If he quits work in that shipyard for any reason whatsoever, he must report the fact, within five days of his quitting, to the local board.

If he doesn't report it, the change in his status is certain to become known sooner or later. He will be arrested, prosecuted and probably sent to jail.

Making a false report is punishable as severely as neglecting to make any report.

The rule cited does not apply only to men employed in shipyards. It applies equally to any draft registrant in a deferred classification whose status has been changed.

Mr. John Westley, who has been gardener and horticulturist at Chemawa for a good many years, has submitted his resignation, to take effect January 31st, on account of ill health. Mr. Westley has been one of Chemawa's most faithful employes and the entire school regrets that he was compelled to give up. It will be difficult to find a man to fill his place, capable of raising the large quantities of vegetables required as well as attending to the orchards and caring for the fruit, which was done so well by Mr. Westley.
