

PUPILS' ITEMS

It is hard for both boys and girls to stay inside these nice spring days.

White uniforms are being manufactured in the sewing-room for the girls.

Feokist Rapin, of the sixth grade, got the best grade in the engineering department.

The baseball players were out practicing on Monday night for the first time this year.

Mrs. Brace is very busy in the library every evening after school hours helping pupils pick books to read.

John Pesterkoff, a sixth grade boy, is one of the smallest boys in the engineering department. He takes great interest in his work and tries to fire stokers every chance he gets.

Senior Notes

Gilbert Conner, '13, visited the class on his way to enlist in the navy.

Frank Peratrovich left last week to enter the Navy. Our room has two service stars in its flag now.

Chapel talks for the week were by Mr. Hobucket on "What the Boys do to Learn to Fly;" Miss Roberts on "Some Things About the Submarines" and by Mr. Devol on "How to Study."

The girls are solving problems in Child Study and the boys are studying insects on shade trees. We wonder who could solve the following problems satisfactorily: A little boy eight years old was given a weekly allowance of twenty-five cents. He spent it all on Monday. On Wednesday he wanted to borrow ten cents to pay his share of the lunch for a hiking party. He had already borrowed his next week's allowance. How would you manage this case so as to teach judgment, self-control and decision? A normal healthy little girl of four would beg to go out with any member of the family who put on a hat and started out. If not taken she would scream and cry until exhausted, even refusing to eat her supper. She would pass a restless night and be very nervous the following day. What would you do? Why?

REPORTER'S NOTES

By Robert Downie

Louise Demacon spent the week-end with her parents at Woodburn.

Our high school boys attended a house party in Salem on Friday night.

The gardeners started this week to plant peas, onions and beans, as well as four acres to strawberries.

The Sigma Phi girls are unusually silent at this time, so no doubt they will spring something on the school sometime soon. We are waiting!

All Chemawa are eagerly awaiting the staging of the show, "Pocahontas," which is under the direction of Mr. Roberson. They are practicing daily and a good entertainment is expected.

Mr. Carrow and his force of boys recently completed the foundation to the addition to the Superintendent's residence. Mr. Carrow is now putting in a curbing along the main driveway.

Baseball is well under way at present. All members are working harder than ever with a view to earning a position on the team. Apparently there will be plenty of good hard practice and a good season of baseball.

HONOR ROLL

The following pupils are honor roll pupils for the fifth five-week period:

Second Grade

Martin Johnnie, Ralph Smith, Ben Brockman, John Johnson, Shorty O'Bart, Bernice Kenny, Margaret Gray, Alma Mischell, Annie Brendible, Mary Jane Brigham, Catherine Brooks, Katie Cleveland, Oxenia Dehketti, Bertha Lee, Julia Peloquie, Susie Young, William James, Roderick Judson, Pat Smith.

Third Grade

Ramona Tripp, George Harris.

Fourth Grade

Lena Cleveland, Josephine Johnson, Madeline Wilder, Annie Bern, John Anderson, Ernest Hill, Walter Trip, Mike Anderson, Stella Grimes, Josephine Woods, Maggie Gardipe, Wesley Wilson, Albert Smith.

Fifth Grade

Daniel Baulne, Henrietta Chamberlin, William Sanderson, Juanita Montgomery, Sara Adams.

Sixth Grade

Katherine Matte, Anna Peratrovich, Joseph Johnson, Amy Bern, Elizabeth Churchill.

Seventh Grade

Ruth Jones, Katherine Loftus, Bernard Sanderson, Henry Carmichael, Lawrence Tillotson, Joseph Jackson.

Eighth Grade

Duane Kimball, Hattie Martin, Annie Miller, Elizabeth Montgomery, Marina Nelson, Ruby White, Fred Wilder.

Ninth Grade

Julia Gromoff, Logan Fann, Francis Boyce, Edwin Rousselle, Henry Smith, Andrew White.

Tenth Grade

Katherine Reed.
