CHEMAWA WINS

Last Saturday afternoon our baseball squad and some twenty rooters went on the school truck to Salem where they defeated the state prison team 9 to 5.

Both teams displayed good work, both at the bat and on the field, which made the game exciting and interesting. Our team showed much improvement over the game of a week ago. The batting and fielding was much improved, having twelve clean hits to their credit and only two errors against them.

Daniel Lawrence started the game for Chemawa with a burst of speed and curves, but was found in the second inning when "The Old Reliable Joe" was called in to relieve him, and who immediately began to do as he did in the game last week—send them back to warm the bench. Bettles not only has more on the ball than the cover, but slams the ball occasionally for two bases. Mr. Hauser played third base. His hitting and fielding strengthened the team considerably. Andrew White has found his batting eye of two years ago and found the "pen" pitchers for a couple of two-base hits and a single out of four trips to the plate.

Thursday afternoon the team will play Willamette University at Salem and on Saturday they will play the North Pacific Dental College at Portland.

Score by innings:

Chemawa—	2	0	0	0	1	3	3	0	0
O. S. P.—	3	0	0	0	0	0	2	0	0

Y. M. AND Y. W. C. A. NOTES

The Y. W. C. A. had a very enjoyable outdoor meeting Sunday afternoon on the campus near McBride Hall. This is the first of a series of outdoor meetings that the girls expect to hold, as the weather grows warmer. Elizabeth Connors was the leader and the discussion followed the topic, "The Glory of a Christ-like Life."

W. P. Walters, Y. M. C. A. secretary for Marion county, was a visitor at Y. M. C. A. meeting Sunday night. He explained to the boys the new county movement, known as "Hi Y Clubs." Mr. Walters has flourishing clubs in all the high schools of Marion county, and there is possibility of such a club at Chemawa. The Chemawa boys are glad to welcome Mr. Walters for he always brings a live message.

Sunday afternoon Rev. H. C. Stover of the Central Congregational church of Salem addressed the Protestant students of Chemawa. Mr. Stover gave a most interesting object talk on "Running Upside Down." Preceding the sermon the Junior choir sang "Spelling

Love," and Charles Williams sang "Teach Me to Pray." A special treat was a piano solo by Cecil Deacon of Salem. He played for his first number an Irish air, and responded to an encore with Sinding's "To Spring."

LOCAL

We are delighted with the octette boys—they sing well.

Miss Evelyn Woods came up from Portland and spent the week-end with her parents at Chemawa.

The Junior and Senior girls have completed their domestic science work for this year and are now finishing up in the domestic art.

Elwood Towner has been offered a position at Klamath Falls as an automobile salesman after he graduates at Salem High School this year.

Supt. Hall gave a real talk to the entire student body last Sunday evening. Mr. Hall always gives real talks, but this one was more "real" than any of them.

Alex Williams is preparing the tract of land across the lagoon for potatoes. The marking is nearly completed, and work of planting the potatoes commenced yesterday.

Irving and Allan Shepard and Elwood Towner are working out of evenings on the race track training for the inter-high school track and field sports to be held in Salem soon.

Eight little girls of the Junior Y. W. C. A. rendered a song at the chapel services last Sunday afternoon. They did exceedingly well and this shows only a part of the good work these little folks are doing.

We are a little afraid that all of our big beautiful walnut trees were frozen during the severe cold spell last winter. If such is the case it will be too bad for there are a large number of them scattered about our beautiful campus.

The bears got out of the pit one day last week and it looked as though there would be trouble getting them back in till Lemmie Boatman, their care taker, appeared on the scene who merely waved his hand toward the pen and said go on and they went back in.

The Sigmas have just received a letter from Bertha Grimes, class of '19, stating that she expects to be at Chemawa during commencement this year. Elizabeth Reinville, class of '19, writes that she also hopes to be present at the exercises. Bertha holds a position in a mercantile store at Crescent City, California, and Elizabeth is a physician's assistant at Pendleton, Oregon.

Owing to a shortage of coal and consequent absolute dearth of lights there were no meetings of the literary societies last Friday evening. Hence, there are no reports in this issue. We trust we shall not again soon be so upset in every way as resulted from the recent outlaw strike on the railroads. While Supt. Hall managed as well as possible in every way the fact remains that it is impossible to keep every department of a school like this functioning up to the "100 per cent mark" without ample power, heat and light—and we depend on coal for this. No trains made up of freight were handled by the outlaws, consequently we could secure no coal.
