

LOCAL

Mr. and Mrs. L. P. Aldrich and Dr. and Mrs. John R. Sites, of Salem, were guests of the Sigmas at their party last Saturday evening.

The Excelsior society report was omitted owing to lack of space. However, last Friday evening they enjoyed a short program and attended to business in connection with their annual party which takes place next Friday evening.

In another column mention is made of the fact that Irving Shepard will graduate from the Salem high school in June. Chemawa will be honored in the graduation from the high school of two other of her students next month, Julia Gromoff and Eleanor Hauk. These young ladies have done well in their work at the high school and all Chemawa feels proud of them.

Last Sunday evening during chapel the orchestra played a "Polish National Air" by Wieniawski, the Octette Girls sang "Lady Chlo" by Clough-Leigher, Mr. Turney played a couple of violin solos of his own composition, Hattie Martin gave a recitation and the choir sang "Star of Hope" by Gabriel. Supt. Hall omitted his usual splendid chapel talk, as he thought it would make the exercises too lengthy, stating that he disliked long sessions, and asked those assembled to close the evening with the singing of a couple of hymns.

THE SIGMAS' PARTY

The writer of this report admits at the out-set inability to do justice to the task in hand. In local circles April 30th, 1921, will ever remain a date of social importance because it was the date chosen by the Sigma Phi Deltas for their party, which is conceded by all to be the social event of the year at Chemawa. As the years have passed since the organization of the Sigmas at Chemawa, with a membership of about thirty young ladies, with Mrs. Hall as "Sigma Mother," each year in its turn has provided a party which has seemed most unusual, unique, and original.

On entering the large gym last Saturday evening the guests were surprised at the "Fairyland" appearance of the interior of that spacious building. On the walls, the stage, the ceiling, and suspended in the air, were evergreens and flowers and Japanese lanterns and electric lights; there were lattices intertwined with vines and evergreens, in fact there was more than we can describe, all showing taste and decorative ability of the highest order carried into the realm of art.

The Sigmas themselves were each and every one dressed to represent some flower and some most strikingly beautiful costumes were in evidence. Julia Fratis received first prize for costume, Laura Waun, second prize, and Hattie Cayton third prize. During the evening the Sigmas, in groups or individually, provided many pleasing bits of entertainment which won them the warmest applause from all. At all times the "Sigma Mother," Mrs. Hall, was in evidence as the advisor, the counselor, the guiding hand and spirit back of everything. Without her there would be no Sigma.

As an innovation the balcony had been prepared with little tables all around and here the most delicious refreshments were bounteously served. Place cards were at each and every table and after the guests had all found their places there was much merriment in

evidence on all sides during refreshments.

The party broke up in time for all to be in quarters at the proper hour. There was much praise and many thanks from the guests as they bade the "Sigma Mother" and the Sigmas goodnight, for the occasion had been one of real enjoyment for all. All praise and gratitude are due the Sigmas for such a joyous evening. So say we all.

OLD RIVAL MET AND DEFEATED

One, two, and three strikes, "you're out," was the order in which Bettles sent Coach Matthews' bearcats of Willamette University back to warm up the bench here last Friday afternoon. Joe held the W. U. sluggers at his mercy throughout the entire nine innings and sent 15 air punchers back to the bench without getting as much as a start toward first. The remaining hitters struggled hopelessly against his ins, outs, drops, and zippers, but all in vain and Joe held them to a hitless as well as a scoreless game.

With the exception of one minor error the boys played air-tight ball and contributed splendid support through the entire game.

The timely hitting of Marlow in the 'lucky seventh' to center field put him on second. Choate followed with a drive to right center, scoring Marlow for the only run of the game. On attempt to steal second Choate was thrown out, retiring to the side. Bettles made quick work of benching the first three Willamette batters ending the game 1 to 0 in our favor.

PACIFIC COLLEGE DEFEATED

On last Saturday afternoon our varsity took Pacific College down the line for the second time this season by a 4 to 2 score. "Babe Ruth" Lawrence and "Injun" Williams did the twirling for the varsity in fine shape, while Bettles took a rest and viewed the game from the bench. Atkins was drawn in from the field position to do the receiving act in the absence of James Choate who accompanied the track team to Corvallis. Our battery did splendid work, but their teammates appeared to have relaxed somewhat on account of the victory over W. U. the day before, hence at times they contributed rather poor support, allowing P. C. one run in the second inning on an error by Buchert and one in the fourth on an error by Sampson.

In the third inning the boys got together and made two runs, one in the fourth and the other in the sixth.

Last Saturday morning Coach Sanders and eleven track men journeyed to Corvallis where they held their first track and field meet against the O. A. C. Rooks. The final result of the meet was 61 to 47 in favor of O. A. C., a pretty good showing we think. James Choate was high-point man for Chemawa with seventeen points to his credit.

Next Friday afternoon our track men and a large number of rooters will meet with Willamette University at Willamette. The baseball game with North Pacific Dental College for that date has been postponed till a later date so the ball boys may see the meet. Old W. U. is determined to win the meet after losing the ball game here last week, but she'll find us more determined than ever. Let's go gang. Can we beat 'em? You tell 'um!
