

CHEMAWA PROVED HERSELF GREATER THAN EVER

(Continued from page 2)

work on the side horse, flying rings, parallel and horizontal bars in which boys from both Mitchell and Brewer Halls took part. The work was all of special interest.

At 6:30 in the evening the band again played a concert, at the conclusion of which all repaired to the auditorium for the graduation exercises, which consisted of the following program:

The papers by members of the graduating class were all excellent and the program as given above was carried out to the letter. Hon. Fred Lockley made a splendid address to the class in which he emphasized the importance and necessity of determination and pluck and kindred attributes if one is to win a place worth while in this practical world of ours. At the conclusion of his address Mrs. Iliff took pleasure in turning the class over to Supt. Hall, who in turn made a neat little talk ere he passed the class to Governor Olcott, who presented the various members their diplomas. The Governor took occasion to make quite an extended talk in which he touched upon many historical points of interest. It was evident that he was pleased to again present a class of Chemawa graduates with diplomas—this was the third consecutive year he had acted in that capacity at our school and he led us believe that he will be here again next year to present the '22s with their sheepskins.

At 10:00 on Thursday morning all students and many employes gathered in the auditorium for the "Jolly-Up" and annual presentation of prizes. Mr. Downie opened the meeting and there was great enthusiasm on all sides. After an appropriate talk Mr. Downie turned the meeting over to Supt. Hall, who with Mrs. Hall and Hon. Fred Lockley were on the rostrum. The latter made a brief talk which was of interest to all and then Supt. Hall awarded the prizes. The band was present and added much to the enthusiasm and pleasure of the occasion. 'Rahs rent the air freely. The following prizes were awarded:

Dewey Sampson and his bunch of regulars were too hard-hitting for the old-timers to hold in check in the 'Varsity Vs. All-Star game staged here last Thursday afternoon. In the beginning the All-Stars showed form and managed to pop out and scoop up the grounders and nail the 'Varsity flies until the regulars got warmed up. Then bang went the signal and Sampson and his gang hit home runs, two and three bases and just ran wild around the bases. The game closed with the score 15 to 5 for the 'Varsity.

In the evening, at 8:0'clock, visitors students and employes assembled on the athletic field for camp-fire stunts. The fire burned brightly and joy and enthusiasm were aflame. The band was present and added to the success of the evening. Representatives of various societies, of classes and individuals unattached, gave speeches, addresses and orations; there was an abundance of music, both vocal and instrumental, and all went as merrily as the proverbial "marriage bell." All in all the various entertainment features of the evening took rank with all other events of our commencement. There was "pep" in everything.

The farewell social for visitors, students and faculty members took place in the large gym on Friday evening. It was the occasion of mirth and merriment for all and the evening passed all too quickly, thus closing our schedule in a most fitting manner.

However, there was more to come—an event not featured on our announcement cards. This was an alumni picnic to Spawn's Landing, down on the beautiful Willamette river, on Saturday afternoon. This proved to be a picnic never-to-be-forgotten and was really the close of our season of 1921 so far as commencement was concerned.
