

**LOCAL**

It was a great success!

We are already planning for 1922.

Students are leaving on every train for home or work.

We ought to have thirty members in the graduating class of 1922.

There are excellent prospects for fine crops at Chemawa this year.

This is the last issue of the year. We will greet you again in September.

The Alumni held their annual picnic on Saturday. About 75 members were present.

We were most fortunate to have good weather, in the main, for our commencement.

The 1921 class annual was printed in our own shop. It does credit to any printing office.

Miss Roberts very kindly presented each member of the class with a beautiful bouquet.

Miss Alice Chalcraft of Siletz has been the guest of Chemawa friends during the past week.

Mrs. Risser was the trainer and director of the operetta. Mrs. Turney had charge of the music.

Never has Chemawa turned out more gorgeous and beautiful costumes than those used in the operetta.

Nothing in the northwest, it is said, can equal the the vocational display given at Chemawa the past week.

The competitive military drills and parades during the week were far superior to any held here before.

Mr. Bent's 150 girls gave a faultless exhibition of various gymnastic exercises. The boys also did fine.

School will commence promptly on Monday, September 12, 1921. Everybody be on hand—it will pay.

More than 300 autos were parked at Chemawa at one time during our commencement. Make your own conclusions.

Chemawa has come into her own. We take our hats off to nobody when it comes to student body or high grade work.

Many of our employes are now enjoying their periods of leave and will spend the time in many different places, from Alaska to Mexico.

Miss Eakin and Miss Judd supplied and arranged the corsage bouquets and boutonnieres for our graduates, for which Chemawa is grateful.

Mrs. Hall is handling the outing department and is placing a good many of our girls in the institutions of Portland where good salaries are paid.

The graduate dresses worn and made by each member were beautiful. The boys suits were also made in the school shop and were natty and good fitting.

The year's work just ended has been successful in every line of activity. A splendid body of students have taken advantage of the opportunities offered.

Our students have already had strawberries from our own patch this year. Strawberries are abundant in this section this season, for which we are all grateful.

Gordon Hobucket of the graduating class of 1908 came down from Taholah, Wash., to attend our commencement exercises. Gordon now holds a clerkship in the Service.

The beautiful decorations of the stage and auditorium during the week were made by Miss Earlougher, Miss Fee and Miss Ahrens. Mrs. Iliff, our principal, was in evidence everywhere.

Our jolly-up was splendid. Mr. Downie's speech aroused the utmost enthusiasm and Mr. Lockley clinched the good work. The prizes awarded were of good quality and the recipients earned them.

The dresses displayed by our girls in the Fashion Show, sandwiched in the operetta, were superb. No one act called forth greater applause or interest. About thirty girls exhibited demonstration costumes.

We admonish all of our students to save the money they work for during the outing season. It is worse than useless to "blow in" all the money you work for—it is foolish. Keep a tight hold on your earnings.

Mrs. E. C. Jobs, of Portland, was a guest of Mrs. Hall during the week. Mrs. Jobs is Chairman of a Committee appointed by the State Regents of the Daughters of the American Revolution to assist Indian girls to get a higher education.

The Governor's dinner given by the Junior class in domestic science was faultlessly cooked and served. The guests were Governor Ben W. Olcott, Mr. and Mrs. Fred Lockley, Louis Compton, Mrs. E.C. Jobs, Supt. and Mrs. Hall and Mrs. Brickell.

Chemawa has three graduates in the Salem High School who will receive their diplomas Friday night, Julia Gromoff, Eleanor Hauk and Irving Shepard. Julia plans to attend a normal, Eleanor goes to O. A. C. and Irving will visit his home and then enter into a business career.
