MR. AND MRS. HALL "AT HOME"

The above caption states who were host and hostess and where the event occurred. The date was last Thursday evening and every member of our faculty whose duties permitted was present—in fact, it was what may happily have been termed "Unanimous."

It was an inspiration which prompted Supt. and Mrs. Hall to gather Chemawa's big family at their home on this occasion that all could enjoy a "community sing," and the hundred or more present were happy every moment from the time of arrival until departure.

There were special choruses of ladies' and gentlemen's voices and a few vocal contests which in very truth might have been decided as ties. "Ye Olde-Time Songs" appealed to all and the beautiful old melodies of by-gone days were really magnificently sung. Beyond doubt there were present those for whom some particular melody brought to mind scenes of former days when "youth was in bloom" and life was replete with laughter—memories that are good to possess. Between numbers Mrs. Hall gave brief chapters of a continued-guessing Love Story which called for answers with the titles of musical compositions. This series of guessing chapters was most pleasing and interesting and brought forth much mirth. There were instrumental solos and readings given to the general enjoyment. Many outside visitors and friends who were present expressed both their surprise and delight at the amount of splendid talent to be found in our school. It is not boasting to say that this is true and we are proud of it.

At the proper time delicious refreshments were provided and shortly after "Good-night, Ladies" and "Good-night, Laddies" warned all that the time of departure was upon us and that more than three hours had passed as "the twinkling of an eye." Well, in the name of "all present," we undertake to thank Supt. and Mrs. Hall for an evening of real pleasure.

DOMESTIC SCIENCE NOTES

The girls of the seventh grade A division began their five weeks of Domestic Science last Monday under the direction of Mrs. Brickell. They are learning the names of the equipment and how to keep things in order.

On Monday the cooks made spice cake and on Wednesday they made doughnuts. Our secretary, Eva Bean, with an assistant, sold the doughnuts over at McBride Hall and according to the comments of the girls the doughnuts must have been good. Next week the cooks will begin to cook one meal a day.

A class of seventy-eight of our pupils were confirmed by Archbishop Christie last Sunday. Archbishop was assisted by Father Burke, President of Columbia University, Portland, Oregon, a visiting priest from Mt. Angel College and our Father Gall, who presented the class. This occasion is considered the important event for the Catholic pupils each year and is the culmination of the personal work of Father Gall. A large number of outside Catholics and others were present.
