

LOCAL

Mrs. Knowles made a business trip to Portland early in this week.

The new detail has gone into effect since the close of the mid-year examinations.

Mrs. Brickell and Virginia spent the last week-end in Portland with their sisters and aunts.

Miss Goodman, transferred from the Sac and Fox school in Iowa, arrived last week to take up her duties as teacher.

Mr. Roy Bradley, Superintendent of Construction, is a busy man these days pushing the work on the new dormitory.

The employes of Chemawa met last Monday evening for the usual monthly reading circle program. A good series of discussions on the chapters assigned is reported.

Mr. Jas. W. Swoboda, our harness and shoemaker, left for San Francisco on Sunday last. It is rumored that he is to go into business with his son-in-law in that city.

Miss Esther Dayman, of Long Beach, Calif., in charge of the Girls' Reserve, of the Northwestern field, gave a splendid talk to our Senior Y.W.C.A. and Three L girls on Monday night.

Addie Merrill, Erma LaClaire and Carrie Anderson, seniors, each sang a solo at Sunday evening chapel exercises. Mrs. Turney is trying out material for the Commencement entertainment. The senior boys come next.

Professor Ray Hewitt, Chair of Economics, O.A.C., in company with the Marion county secretary of the Y.M.C.A., visited Chemawa on Monday evening and had a good meeting with the Y.M.C.A. and Climbers' Club boys.

McBride Hall girls are rejoicing over the acquisition of two new blue rugs for the living room which harmonize with the handsome drapes. The funds for the purchase were raised by Mrs. Sherman with the help of the girls.

Our employes appreciate the informal social hours given by Mr. and Mrs. Hall every Sunday evening after chapel at their home. Recently those attending were in groups. In this way we will all become better acquainted with our new people and they with our Superintendent and wife.

The Sigma Phi Delta held their regular meeting on Thursday evening last at the home of Mrs. Hall. The girls are very much in earnest in their work for the year. They are divided into groups, with special work for each girl to do. This society is endeavoring to do something for the betterment of Chemawa as well as themselves.

Mr. George W. Bent, disciplinarian, took a large squad of the Boy Scouts on a hike last Saturday afternoon. They visited various places of interest in Salem, among them being the Valley Packing Company plant, the Salem Cement Tile and Pipe Company establishment. The boys enjoyed the hike. It was educational as well as very enjoyable.

DOMESTIC ART NOTES

The little menders are expecting to see a new radiator come flashing in their department very soon.

Several of the Junior girls have started their construction dresses. They are going to be very pretty.

Mrs. Gokey's fourth grade girls have completed their construction dresses and they seem very proud of them.

Margaret Burnhardt and Eliza Sookum received the highest grades in the mid-year exams of the prevocational sewing room.

Mrs. Kirk reports that her prevocational girls are a busy lot. They are finishing up the gingham dresses for Company "B" of Winona Hall.

Miss Eakin and Miss Judd visited the domestic art department during the week. The girls enjoyed their visit, as they are very appreciative of their work.

In the eighth grade mid-year exams Theresa Esholt received the highest grade in sewing with 90; Anna Peratrovich received 85, being the second highest.

As the girls' blue serge dresses are now completed we spend most of our time finishing up our "fancy work." We are going to have many pretty pieces for exhibit.

The Seniors read a very interesting chapter on "Home Management" as one of their lessons Friday morning. We hope to put into practice right here at school the points we got from the lesson.

The girls in the sewing room regret to have the detail change, as it seems we have only had a few weeks in domestic art training. Time flies, so we guess our ten weeks are really up.

The Senior girls are glad they can say, "Our practice hats are all completed now." The next hats we make will be straw and fabric hats followed by the commercial and transparent hats.

The senior girls had a very interesting lesson the other day. The lesson was how to make a paper form. Cecilia Smith stood as the model while the other senior girls pasted strips of paper around her form until she became stiff. Mrs. Canfield showed us how to remove the form. Carrie and Erma completed the form after the pasting was done. This is something new and the work was interesting. The form is on exhibit if anyone wishes to inspect it.
