LIBRARY NOTES

Book circulation for February: Boys, 317; girls, 232.

We wish to thank Miss Goodman and Miss Virginia Brickell for their gifts of books.

Notwithstanding the call of the out-of-doors these pleasant evenings, the attendance of the boys at the library continues excellent.

A new edition of "Tom Brown's School Days" has recently been received at the library; the illustrations by Louis Rhead and Frank E. Schoonover make it especially attractive. William Dean Howell writes of the book: "It is not often that in later years one finds any book as good as one remembers it from one's youth; but it has been my interesting experience to find the story of "Tom Brown's School Days" even better than I once thought it, say fifty years ago; not only better, but more charming, more kindly, manlier, truer, 'realler'."

This is one of the books included in the supplementary reading for the Seventh Grade. You don't want to miss it.

DOMESTIC SCIENCE NOTES

The Freshmen girls who are working in the "A" division in the Domestic Science are doing fine work.

Erma LaClair gave her demonstration dinner last Wednesday. It proved a success all the way through.

The domestic science girls were very busy Saturday preparing light refreshments for the Sophomores' annual party.

The Junior and Sophomore girls served a very appetizing banquet to the girls' and boys' basketball teams last Thursday.

Carrie Anderson, Anna Lee Thomas and Louise Gardipe received the highest grades in the domestic science for this period.

Cecilia Smith and Oka Paulina, seniors, and Lavina Kross, a freshman, are cooks for the week. We are expecting some good meals from these cooks.

Anna Lee Thomas and Addie Merrell are in charge of the sales of our department and they are very cap-

able in handling them. This is one of the big departments to handle and much credit is due these two young women.

We have a new member added to the domestic science department. Mrs. Brickell granted the senior girls the privilege of giving our new canary a name. We named it "Progress 23." He is not able to sing yet although he makes a great deal of noise. But true to his name we know he will Progress and will soon sing.

The eighth grade girls detailed with the juniors are doing good work and it's somewhat of a race to see which can do the best. It's safe to say the sophomores are making a splendid record and will not be left in the rear. They are awake to the fact that it takes work and plenty of it to reach the goal.

We have eight new girls in the junior class this year and they must be aware of the fact ere this that there's much to be learned. It's not easy to enter the advanced classes at Chemawa, for it means good solid work or fail. We are hoping all will go through with good grades—seniors, juniors, sophomores and freshmen.

OREGON CITY WINS

Though our grapplers did not carry off all the honors in the wrestling tournament held last Friday evening at Oregon City against the Oregon City team, they are justified in feeling proud of the fine showing made against the Oregon City champions who still have a clean slate after many matches throughout the state and who are so good that they practically annihilated the state university freshmen in a match.

Captain Hawk, our best man, was overweight in the class in which he was to appear, 145 pounds, and did not compete. The match between Jarret of Oregon City and Donneley of Chemawa, 125 pounds, was a thriller. Each secured one decision, which leaves them a draw. Newton of Oregon City and Petellin of Chemawa, 135 pounds, put up a wonderful battle, Newton winning by a scratch. Crim of Chemawa won two straight falls from Currey.

A return match is being arranged and Coach White and his team believe they can emerge winners.

The Climbers' Club elected three new boys to membership last week. After a short business meeting the remainder of the hour was spent in games.

Mr. Paul Greene was leader for the Y.M.C.A. meeting last Sunday night, and the discussion topic was, "Some things I believe, and why." Although several of the boys to whom topics were assigned were not present, excellent impromptu speeches were made and the meeting was a profitable one. After the program some time was spent in discussing plans for the pay "movie" which is to be given by the Y.M.C.A. and Climbers' Club this week, and also the program for the final meeting of the Y.M. Mission Study class.
