

LOCAL

Messrs. Friske and Kunkel have been "ailing," but not "down" the past week.

Charley Ute, Benjamin Zebear and Charley Wilson are recent arrivals at Chemawa. Welcome to our city!

The "Y" meeting on Sunday was a New Year's Song service and was much enjoyed by all present.

Mrs. Brickell, having undergone a minor operation at the hospital, is well on her way to being out "around" soon.

Archie Greycloud and Solomon Fleury are the new officers in Mitchell Hall, relieving Alfred Bernard and Charley George.

Mr. Henderson made a trip up into the Sandy country yesterday, taking John Burdett to his brother James who resides at Sandy.

Mr. Henry Schultz of Salem, well known to all Chemawa, is at present working in the carpenter shop, owing the absence of Mr. Mason on account of his recent serious accident.

Mr. and Mrs. H. S. Bradley are now at Ft. Lapwai, Idaho, where Mr. Bradley is foreman on a large building under construction by the government. They are well known to a large number of people in the service.

Monday evening the F. E. U. entertained their friends at Hawley Hall. After a "social hour" and games, refreshments were served. Mrs. Hall, Mrs. Bent, Mrs. Vesper and Miss Judd won the favors of the evening.

Of late we have had some pretty cool weather here and to be on the safe side many of our auto owners have been draining the radiators on their cars. So far this has probably not been necessary—but "it might have been."

Mr. Mason, who had the misfortune to have his hand badly cut by a circular saw recently, is now resting much easier and his wounds seem to be healing properly. For the past two weeks he has experienced a time of great suffering.

The weather man could not have been any kinder to Chemawa than in giving such beautiful days during the holidays for the athletic sports, and he is still just as good, for the ice he has furnished for the skating is certainly enjoyed by all.

Mr. Carroll and Miss Thornhill deserve much praise for the springlike appearance of the chapel decorations for the Sunday evening exercises on January 3rd and 10th. Jack Frost has been quite busy lately and it is difficult to find decorating material, but Mr. Carroll and Miss Thornhill have demonstrated that "where there's a will, there's a way."

Marion Morgan, assisted by Elsie Adams, gave a dinner in the D. S. Dept. on Thursday. The guests were Supt. and Mrs. Hall, Miss Strout, Mrs. Palmer, Allan Shepard and Jesse Morgan. The girls were highly complimented on the way they served the dinner.

The Kappa Alpha boys held their regular meeting on Thursday evening. At this meeting it was decided that they "face the camera" on Saturday. This they did without any disastrous results to the latter, after which they adjourned to the movies and enjoyed Rudolph Valentino in "The Cobra."

Mr. Fisher gave an interesting demonstrated talk on chemistry at assembly on Wednesday morning. Miss Judd talked to the afternoon division. Miss Judd's subject was H E L L O—giving points on Health, Enthusiasm, Loyalty, Learning and Others. The first letters of these topics spelling H E L L O.

It is our sad mission to report the death and burial of Mrs. John Burdett, mother of Mrs. Thomas Ross and John Burdett of Chemawa. The deceased was aged 92 years and 26 days at the time of death. She may well have been called an Oregon pioneer. Her husband, Rev. John Burdett, died about six years ago. Both were exceptionally fine people and of a character that makes the world the better for their having lived in it. Interment was made on Sunday at the Clagett cemetery.

Supt. Hall being unable to attend chapel service last Sunday evening, Mr. Iliff was in charge. Capt. Stacy made a strong appeal to the students for recognition of Mr. Hall's wonderful achievements during his forty years in the Indian service. It was a splendid tribute to a man soon to be lost to the service—to an able friend to the Indians, to his rights and his education. In addition the orchestra played the "White Swan" by Stults, Avex Miller recited "The Nation's Need for Men," Raymond Haldane sang the "Armorer's Song" by DeKoven, a septet of girls sang "When the Roses Bloom" by Reichardt, Beatrice Plummer recited "An Impromptu Fairy Tale," and the choir sang the "Light of the World" by Brackett.

Friday evening the Excelsior Literary Society presented Mr. and Mrs. Turney and John Dexter in recital. All of the numbers were high-class music; and the splendid attention given by the large audience present spoke more voluminously for the excellent rendering of the numbers than the hearty applause they received. Mr. Turney and John Dexter played a viola and a violin solo respectively—both very fine. To a lover of music Mrs. Turney's accompaniments are a delight. Everyone looks forward to the date when they will hear these three again. John Dexter is really an artist on the violin and is only one more Chemawa boy that the "Turneys" have turned out of whom they and Chemawa may justly feel proud.
