Supt. McGregor was a speaker in Salem last week before the Salem Woman's club, and it is reported that he gave a splendid address on matters pertaining to the Indian—his disposition, likes and dislikes, and his adaptability to institutional life. It was a most profitable meeting.

Last Friday evening was the date of the Winona Society's open session—always an important affair in our school life. We have not the space at our disposal to go fully into details, but from beginning to end it proved a most entertaining session. It was truly a literary program of merit. The "Mikado" and "Sylvia" provided a couple of numbers, there was an interesting debate, for which Mr. Carroll, Capt. Stacy and Mr. Kline acted as judges, and many other features. The Winona girls really did themselves proud and praise is certainly due them and their advisor, Miss Judd, for a memorable evening.
