Every member of the orchestra is grateful to those in authority for the enlargement of the orchestra pit in our auditorium. This is an improvement long needed. Mr. Blakeslee and his detail of carpenters come in for special thanks, as they did the work.

Supt. Lipps gave a most interesting talk in chapel last Sunday evening. A part of his time was devoted to a review of important events which have occurred during the month of April in past years, and there was also encouraging mention made of the various opportunities for our students to make good, both here at Chemawa and after they have completed their training here. In addition to the address of Mr. Lipps the orchestra rendered a pleasing number, Joseph Alexander gave a recitation, John Dexter played a fine violin solo, and the choir sang "The Palms" by Faure.

The boys in the tailor shop have commenced work on the graduation suits. You would better study hard, boys, if you want a new suit.

Verne Wilson is now playing second violin in the orchestra and Clyde Cooley is making good in the organization as cellist. Both young men are real additions.

Supt. Lipps on his return from a recent trip to Ft. Lapwai gave a splendid report of the work of Mr. and Mrs. Matt. Chemawa knows Mr. and Mrs. Matt as "Dewey and Ferol."

After working in the office here for nearly two weeks, Mr. Chas. E. Larsen returned to his home at Siletz last Sunday. Mr. Larsen is representing Supt. Lipps in charge at the agency.

A week ago Friday our orchestra and the boys' octette put on a program at the Lincoln School over in Polk county. Lawrence Crofoot accompanied the party as reader. Last Friday evening the same parties gave a program at Hazel Green. In both instances large and enthusiastic audiences were present and the work of our organizations won praise for both themselves and the school which they represent.

Raymond Ready, formerly a student at Chemawa, visited us over the week-end. For many years after leaving our school he followed the sea and rose to the rank of a petty officer. His cruises took him to many foreign countries, but in time he grew tired of the life and took a course in Chicago as a linotype operator. During the last four or five years he has worked in many printing shops of the east and middle west. A couple of months ago he came to the coast and for a short time was employed in Seattle. At present he has a job with a paper at Rainier, Ore. This, however, is only for a few days. He looks prosperous and is a perfect picture of sturdy manhood. He is always loyal to his school.
