

BREWER HALL

Brewer is almost filled to its capacity.

Arnold McKay has returned to take up the extension course in electric engineering.

Harold Masten, who is attending the business college in Salem, is acting publicity man for the athletic teams. We know Harold will do the job justice.

Warren ("Lefty") Wilder, whose name appeared in the "Believe It or Not" column of the Oregonian last year, is acting as student manager of athletics.

MISCELLANEA

Peter Sulky entered school this week, making a total of twelve boys in the fifth grade.

Steam engineers, during the past two weeks, have overhauled two boilers and are now re-laying the steam line to the dairy barn, Mr. Sherman, instructor, informs us.

Those in the fifth grade who have averaged 90 or above in history and geography for the first month are, Jacob Jackson, Clifford Day, Catherine McGovern and Marion Robinson.

Three sixth grade pupils have been promoted this week to the seventh grade after taking intelligence and achievement tests. They are Bernice Frye, Wilma Mesplie and Robert Olney.

The tinsmith class is just completing a milk cooler for the dairy. This is a new type of cooler and those who have used it say that it will cool the milk better than any other ice cooler.

Mrs. Cornich, matron of McNary hall, has offered a prize of \$15.00 for the best kept room this year. McNary hall, the "Big Boys'" dormitory, has always had a reputation for its neatly kept rooms.

The painting class took their first lesson in wall papering while putting on the finishing touches to the Brewer Hall Apartments. The painting is completed and by next week all tenants will have moved in.

The machine shop is in full operation with the exception of the milling machine and two lathes, which require new parts. Mr. Kleihage, the instructor, has outlined an extremely interesting course for this work.

The class in applied electricity is busy laying out lighting circuits and familiarizing itself with the material and methods used in commercial house wiring. It will soon be ready to start its first project, rewiring the heating plant.

High school girls who are interested in the organization of the Winona Debating Club are asked to submit the required entrance paper not later than October 15. Further particulars regarding the club may be had from the sponsor, Miss Wentzell.

Mr. Allen has organized his drafting classes to provide the necessary fundamentals for the various trades. The sheet metal boys will learn sheet metal drafting, the carpenter boys blue print reading, and the machine shop students to read machine drawing, as well as to make them.

Our eighth grade class contains an All-American beauty. Last August during a two-days festival cele-

brating the opening of the Olympic Loop Highway a beauty contest for the Indians of the Northwest was held. The successful beauty, who won a five dollar prize, is a member of the Tahola tribe.

The week beginning October 1 was a busy one for the kitchen boys, as it is reported that 18 barrels of saur kraut were to be put up. Inasmuch as our home making department says kraut is an extremely valuable food, we hope it will find many friends in the dining hall.

The auto shop classes are showing a splendid spirit in keeping up the high standard of shop practice set at the beginning of the term. Cleanliness, neatness and safety were the three chief aims of the first month. The classes are divided into three groups and each group has an automobile which it will overhaul completely as a first project.

John Peltier, a boy from the leather working class, after one year's experience in this shop under Mr. DeCorah's instruction, was accepted as instructor in leather craft for a boy scout camp last summer at a salary of \$10.00 a week. This is fine experience for the boys and it is hoped that more will find like occupations another summer.

The junior and senior classes in the commercial department are progressing nicely, although the lack of texts in typing and shorthand during the first two weeks made the work harder, and delayed progress a little. Upon the arrival of the shorthand texts every one set to work with a will, and all are now awaiting the arrival of the typing manuals.

The girls' music club, under the leadership of Mrs. Turney, held their first meeting on September 28. The following girls were elected to hold offices: Helen Welch, president; Lena Louie, vice-president; Esther Willman, secretary-treasurer; Alma Hawley, reporter. "Treble Clef" was the name decided upon for the club. The club will give their first program on October 10.

LOCAL

Mitchell Hall celebrated last Thursday evening when a party was given for honor conduct and excellently kept rooms. The party was given for the following boys: Theodore Kover, Stanley Smith, Victor Smith, Hamilton Greene, Walter Majhor, John Arnoux, Gale Bobb, Wilfred Matt, Elmer George and Joe Monroe. The following were invited guests: Miss Patterson, Miss Lemley, Mr. Bent, Mr. and Mrs. Ryan, Mr. and Mrs. Hicks, Edna Wells, Gladys Majhor, Marina Paul, Della Snyder, Melba Arnoux, Agnes Smith, Mildred Smith. Sponsor, Mrs. Wilcox.

Mr. and Mrs. W. H. Walton, Mrs. W. H. Stewart, and three daughters, and Mr. Thomas Ducy, were here at the school the first of the week. They were taking Mrs. Stewart to her home in Seattle, Washington. Aside from Mrs. Stewart and daughters the party reside in Crescent City, Calif. Old-timers will remember Mrs. Stewart as Bertha Grimes, a former Chemawa student. Mrs. Walton was also a student here, her name at that time being Viola Brown. The Waltons took their daughter, Loraine, home with them—she having been enrolled at Chemawa.
