

**CHEMAWA FINALLY PLAYS A GAME**

Chemawa Indians at last had a game in the form of a practice session with Willamette University. The college boys beat us 4 to 3, but had a hard time doing it. Almost everyone in the squad had a chance to get in the game. Vivette and Seltice worked well as pitchers, giving Willamette but six hits between them. Meachem played his usual good game behind the plate. Kalama at second and Hall at first played good ball and Bobb robbed two college boys of hits by exceptional fielding at third.

The game was called short because of the lateness just as the boys were beginning to hit good. The bases were filled in the last inning. All in all it was a pleasing "first starter."

**TRACK**

The track men traveled to Washington high last Wednesday only to be rained out. Thus no reports can be had from that meet as yet, although it will be held some time later.

Chemawa entered the Vancouver Relays, but had some ill luck in their results. Lonnie Weeks tied for third in the high jump and our relay team came in third on one occasion. The fact that several of our boys had heats and events so close together had something to do with the results.

Spring football practice is still in progress. The boys are using a new formation and new plays to prepare for next fall.

**LOCAL**

Katie Gartleman, outing pupil in Portland, visited friends at Chemawa over the week-end.

Our Sextette Girls scored a grand success in singing in Portland the last week-end. Misses Eakin and Judd accompanied the girls to the metropolis.

The seniors wish to express their thanks to Miss Fout for a wonderful cake presented them after the final act of the senior play last Friday evening.

Dr. Sisco and Mr. Larsen made a sort of health survey at Siletz and Grand Ronde agencies lately. They found quite a demand for the Doctor's services there.

Supt. Ryan has had quite a quantity of gravel spread on the roads about the campus. This was a move that was necessary and consequently greatly appreciated.

Workmen are engaged at the task of reconstructing the old chicken house just north of the campus into garages. Fourteen cars can be housed there when the work is finished.

Our chapel exercises on the Sunday evening of April 17th were in charge of Supt. Ryan. During the evening Marie LaFrance and Mr. Williams appeared as vocalists. Both sang splendidly and both were most warmly received. The orchestra was also heard in a concert number.

Mr. and Mrs. Ivan Hodge of Seattle, Wash., visited Chemawa recently. Some twenty years ago Mr. Hodge was enrolled as a student at our school. He seems to be getting along very nicely in the ranks of civil life.

Irving Shepard passed the week-end at Chemawa, the guest of his brother, Allan, who is an employe, and with friends. Irving has passed the greater part of the winter in Portland. He expects soon to leave for Alaska, where he will be engaged during the fishing season.

Martin Sampson, who graduated from Chemawa more than twenty years ago, was a visitor here during the past two weeks. Since leaving school he has been engaged at logging and fishing. Martin is a regular fellow, a credit to himself, his friends and his school. His home is in Laconner, Wash.

Recently there arrived at Chemawa from Klamath, Ore., Mr. and Mrs. Milton K. Smith and family. Mr. Smith succeeded to the position of property clerk here on the recent retirement of Mr. Kirk. We bid our new employe and his family a hearty welcome to Chemawa and trust that they will be happy at our school.

Chapel on the evening of April 24th saw Mr. Grey of Yakima Agency on the platform with Supt. Ryan and Mr. Christy. During the exercises Supt. Ryan introduced Mr. Grey, who made a splendid talk and was given deservedly fine attention. Mrs. Cornick appeared in a couple vocal numbers and was enthusiastically received. The orchestra played a "request" number.

Mr. and Mrs. Charles Williams, both Chemawa graduates, arrived here and passed a recent week-end at their old school. Mr. Williams is engineer at the government school at Warm Springs. He is quite a vocalist and while here appeared in solos during one of our chapel programs, reminding old-timers of the days when Charlie was often heard, to the delight of all. Chemawa is proud to claim both Mr. and Mrs. Williams.

The tailors are making the official C's which will be awarded to our athletes this spring at the "Jolly-Up." The letter this year will have on it a design designating the brand of sports in which the wearer participated—a football for the gridsters, a basketball for the basketball artists, a winged foot for the trackmen, etc. This project will require all the skill of the tailors and the finished product will doubtlessly be something worth working for.

**ESCORTS**

Sat., April 30—To Town	-	-	Miss Judd		
Sun., May 1—McBride	-	-	Mrs. James Mr. James		
		Winona	-	-	Miss Black Mr. Larsen
		Hawley	-	-	Miss Estep Miss Cornick
Sun., May 8—McBride	-	-	Mrs. Kirk Mr. Smith		
		Winona	-	-	Miss Roddy Miss Peters
		Hawley	-	-	Miss Mountjoy Mr. Showalter
