

### TRACKSTERS PLACE THIRD IN VALLEY MEET

On Saturday, May 6, our track team took part in the Willamette Valley track meet at Eugene. The results were: Roseburg high, first, 37 points; Salem, second, 29 points; Chemawa, third, 28 points; Little Oakland, fourth, 15 points; Eugene, Corvallis and University high, 9 points; Cottage Grove, 8 1-2 points; and Springfield, 3 1-2 points.

In spite of the wind and rain our team showed splendid work on the track. The Reds attained only one first, but piled up a lot of seconds, thirds and fourths.

Places won by Chemawa were: Arlie, fourth in the 100-yard dash, third in javelin, second in broad jump. Spotted Eagle, third in the mile. Hunter, second, and Olney, third in the low hurdles. Emmons, fourth in discus and tie for fourth in the high jump. Dogeagle, second in shot and second in javelin. Murphy, tie for third in pole vault.

Chemawa's time in the 880-yard relay, 1:39.

### CHEMAWA LOSES BALL GAME TO SILVERTON

On Friday, April 28, Chemawa dropped a game to Silverton, which tied up the leadership in the Willamette Valley interscholastic league. With a series of hits in the first and second innings Chemawa drove over five runs while Silverton came in for two tallies. Vivette pitched a fine game although the players gave him little support. He was pulled from the game in the sixth inning when he was relieved by Seltice. Chemawa did some timely hitting, getting 14 hits off Schwab, Silverton's ace pill hurler.

### GIRLS' ATHLETICS

The girls are very busy practicing for the track meet which will be held on Saturday, May 13. They are also planning an archery tournament in the near future. Class tennis teams have been chosen and the tournaments will be played within the next week. The results of the inter-class baseball games were: Juniors won from the freshmen and seniors, the sophomores won from the freshmen, the seniors won from the sophomores. The girls are still working hard for their monograms. Miss Trevvett hopes to award about eight or ten monograms this year.

### GIRLS' VOCATIONS

Melba Arnoux, Alice Ladderoute, and Marie and Dora LaFrance left May 1, for Portland where they have received employment. They were accompanied by Miss Willmore. The other girls from the practice house moved to the dormitory until Miss Willmore returned.

Friday, April 28, the junior vocational girls from the hospital gave a picnic at Hazel Green for the senior vocational hospital girls. The girls had a lot of fun, making use of the various contraptions at the park. After supper a baseball game was played between the juniors and seniors. The juniors won, 20-18.

### THE JUNIOR PROM

On Saturday, May 6, after weeks of planning the juniors and their guests enjoyed the Junior Prom in the gymnasium which had been gayly decorated in pink and green. Music for dancing was furnished by "Chuck" DePoe's orchestra. The program for the evening included a grand march, a vocal solo by Marie Farron, a reading by Ruby Dean, music by the Hawaiians and a solo by Rudolph Maysee. Late in the evening refreshments were served.

### UNIQUE DINNER HELD AT CHEMAWA

"Would you enjoy an unusual treat? Try baked salmon Indian style." So say the members of the F. E. U. local at Chemawa, as they recall the dinner served by a committee of the men members on Friday evening, April 28. Upon this memorable occasion eighty-one persons sat down to a dinner of baked salmon, potato salad, baked beans, bread and butter, dill pickles, coffee or lemonade, ice cream and cup cakes, served by Mr. Allen, Mr. Mason, Mr. Schaffer, Mr. Ross and Mr. Lavelle.

How does one prepare salmon Indian style? Let me refer you to the recipe used by Messrs. J. E. James, Grant Decorah and Reuben Sanders. First you build a large outdoor fire, and allow it to burn down so that there is not too much flame. A large log is placed at one side. Cut a number of willow sticks about an inch in diameter. Sharpen them on one end and split them down the center from the opposite end, leaving them whole for about a foot from the pointed end.

The length of the sticks depend on the size of the salmon. Clean the fish, cut it open, and remove the backbone, and season. Then place the fish in the slit of the sticks in order to keep it from curling by the fire. Have some narrow cedar sticks prepared to place on each side, about four inches apart. Tie the willow sticks together at the top and drive them into the ground at the open side of the fire. Have them far enough away so that the flames will not touch the fish. The inside of the fish should be placed toward the fire first. When it is nice and brown turn the fish around by revolving the sticks.

The result is a dish fit for a king. Beans, coffee and lemonade were prepared by Mr. Hicks, Mr. Shishkin and Mr. Rogers respectively. Mr. Sherman obtained the salmon. Much credit is due to Mr. C. E. Larson, the president, who served as general manager.
