

CHEMAWA'S NEW GRADING PLAN

Grading on the following points will be averaged with academic and vocational grades. Grades on these points will be taken in vocational and academic classes and in the dormitories. This is being done to stimulate habit formation in characteristics which are extremely essential to vocational leadership or to business success of any nature.

GRADING POINTS

Initiative for the purpose of grading is assumed to be demonstrated by:

- Work properly done
- The completion of work attempted
- The degree of interest shown
- Doing more than assigned
- Contributing to class discussion
- The proper use of time
- Having a good attitude toward improvement
- Being properly aggressive
- Quick reactions
- Working to capacity
- Making up work which has been missed

Social initiative and attitude is demonstrated by:

- Cooperating with worthy undertakings
- Showing good sportsmanship
- Demonstrating good school spirit
- Demonstrating fairness
- Having a friendly attitude
- Being courteous and thoughtful
- Taking criticism in good spirit
- Having control of emotions
- Obeying school rules
- Honesty

Co-operation

This is self-explanatory.

Written and Oral English—Grades may be given in all classes and dormitories.

- Correct spelling
- Correct paragraphing
- Correct punctuation
- Correct spoken English
- Correct pronunciation
- Avoidance of slang
- The correct use of verbs and pronouns
- Avoiding double negatives

Conservation will include:

- Conservation of power, light, property and supplies.

Ingenuity will include:

- Capacity to formulate proper plans for the carrying out of any new undertaking.

Reasoning is illustrated by:

- Demonstrations of clear thinking
- Logical expression
- Capacity to profit through experience
- Capacity to profit by observation
- Displaying good judgment
- Ability to concentrate on work
- Showing consideration for the point of view of others

Neatness will include:

- Neat and orderly work
- Keeping books and equipment clean

- Dressing appropriately for work and play
- Keeping the surroundings clean

Mathematical Ability—Grades on this point will be given for:

- Ability to solve practical problems
- Accuracy in making measurements
- Correct mathematical reasoning

Health—Grades for this purpose will be considered as including:

- Having a good posture
- Dressing properly for the weather
- Possessing good health habits
- Arising and retiring on time

Punctuality—will include:

- Being on time at school
- Being on time at all appointments

Effort—

This is self-explanatory.

Memory will be graded on the following points:

- Capacity to remember orders and directions
- Memory for appointments etc.
- Memory for names of classmates
- Memory for school subject matter

Achievement—Grades on this point will be weighted and will cover general efficiency in each class.

VOCATIONS**SHOE SHOP**

The shoe and harness makes have been a busy lot the past month. They repaired 273 pairs of shoes in January and are going to overtake that mark this month.

CARPENTER SHOP

The rotating boys in the carpenter shop are making music stands for the jazz band. Vernon Jackson has made an extension dining hall table for Mr. Showalter.

William Spotted Eagle will invite inspection on one of the prettiest pieces of furniture, both in wood and workmanship. This is the best which has been made in the shop for sometime. A walnut chest cedar-lined. A fine "hope chest" for someone.

BEAUTY PARLOR

The beauty shop is now in first class condition. We have moved back in to continue our regular work. You will be surprised to see what the painters have done to it. We wish to express our appreciation to the painters and the many people who have helped to repair the shop.

HOME ECONOMICS

The home economics staff and Supt. Ryan and his wife were entertained at a three-course dinner in the Hawley hall dining room on Tuesday evening, Feb. 26. The senior planning class prepared and served the dinner which was dished out at an attractively set table decorated with yellow tapers and jonquils.
