CHEMAWA CELEBRATES 57TH ANNIVERSARY

AUSPICIOUS OCCASION MARKS BIRTHDAY PARTY

**Charles E. Larson, Chemawa Historian
Portrays Highlights Of The
Institution**

On February 25, Chemawa celebrated the 57th anniversary of the founding of the school with an all day program of activities.

At ten o'clock in the morning the students assembled in the auditorium where they were addressed by Mr. Charles Larsen. He related to the students the history of Chemawa. The students were further entertained at this gathering by the music of the Salem high school band. Mr. Larsen introduced some of the former students and employees that were present. They were Miss White, Mr. John Williams and Mr. George Bent. After the assembly, dinner was served in the dining hall where the 'Rythm Chiefs' furnished excellent entertainment throughout the meal.

The trophy room in Brewer hall was opened for the visitors and students to view Chemawa's place in activities of the past.

The students and visitors went to the gym and participated in the different sports in the afternoon. The first game or contest, the pie eating race, was won by Alfred Songret. Among the other events and prizes for students were: Basketball dribble won by Wilma Yellowrobe; horse and rider won by Raymond Track and Matt Adams; girls' tug-o-war, won by Captain Margaret Andrews; the boys' tug-o-war, won by Captain Alvin Amera; the three legged race for the girls, won by Katherine Hamilton and Gladys Thomas; boys sack race, won by Matt Adams; rope climbing, won by Raymond Track.

These races and games were watched with utmost attention and enthusiasm by

Mar. 26—Good Friday Holiday—Third Quarter ends
Mar. 27—Open
Mar. 28—Easter Sunday—Chapel

SILVER FOXES SCALP BRAVES IN DASH FOR THE DISTRICT TOURNEY

The Willamette gym in Salem was a house of terror last Tuesday evening when the Braves matched their wits with the Silvertonians to decide the 'B' team contender for the district tournament. Both teams were well represented by their student body and all yelled till the roof tapered to a point.

Chemawa took a scant lead of one point in the first quarter but lost the much wanted lead in the next stanza when the Foxes began to play a different brand of ball which the Braves were unable to cope with. In the first half the score stood 12 to 8 in Silvertons 'flavor.' The Braves played a hard fast game with the Foxes playing a stalling game the last half which helped them keep their small lead. Archambeau, flashy brave forward, was all over the floor at once, playing a hard fast game. Bighorn, a smooth steady player and a wizard under the basket emerged high point scorer for the braves. Christian was closely guarded by Silverton because of his ability to sink them from Salem to Chemawa. The final score rested at 29 to 21 for Silverton.

SCRIP DANCE UNUSUAL AFFAIR FOR STUDENTS

**"Keep The Change" Is By Word
Of Millionaires**

On Saturday night, February 13, students were given a chance to use their scrip earnings by attending a dance suited for this occasion. The 'Rythm Chiefs' provided the music for the evening which was spent in dancing.

Many of the students had never been given the chance to use their earnings and fully appreciated and enjoyed this opportunity.

In one corner of the gym there was a punch and cookie stand where everyone enjoyed themselves by buying with scrip. In another part of the gym sherbert was sold for scrip.

When the evening was spent almost everyone was penniless, tired, and reported that they had had a happy evening of fun and entertainment.

MISS GERTRUDE EAKIN, FORMER EMPLOYEE, GIVES CHAPEL TALK

Last Sunday evening during the Chapel program, the Chemawa students very warmly welcomed the return of Miss Eakin who appeared in the auditorium to address the students. Miss Eakin has been the Protestant missionary at Haskell ever since she left the Chemawa campus three years ago, and has recently been appointed for religious work with the YWCA in Portland.

Since Miss Eakin came from Haskell recently, she brought greetings to the Chemawa students and the superintendent from the Haskell students and friends. She gave the students an interesting picture of Haskell by describing the campus where the buildings are built around a circle, and by telling the assembly of the activities of the students there.
