

VOCATIONS

AUTO SHOP

Every government car was taken out on the highway and was given the brake test sponsored by the State Patrol. Every car passed the test satisfactorily.

Mr. Berry, instructor in the auto shop, drove the school bus during the absence of Mr. Hudson who was detailed to Ft. Hall for a few days.

August Smith showed his ability for tire repairing last week by fixing a flat for a Chevrolet truck in record time.

The radiator on the F. W. D. sprung a leak, but the boys in the auto shop had ready for service in a short time.

PLUMBING

The plumbers have completed a noteworthy job in the bakery. They covered the table tops, put up a drain board and also installed a new drainage pipe.

PAINT SHOP

Lefty and his paint shop boys have been priming and enameling the beds at the hospital. Some of the painters during their spare time have been painting pictures for their rooms and for exhibition purpose for the Chemawa Celebration.

LEATHER CRAFT

The shoe shop boys have been busy repairing the many pairs of "stogies" that the girls have been bringing over.

Four sets of army harnesses were made over and sent to Siletz and Grande Ronde.

PRINT SHOP

Many of the printers have been busy working on the trachoma book compiled by Dr. S. E. Johnson.

Time slips in various colors is one of the recent tasks completed by the printers.

CARPENTER SHOP

Mr. Mason and his advanced group of carpenters are busy building a little cottage back of Mr. Allen's house. This cottage will be used by the Home Ec. girls for house keeping training.

The carpenters are also busy erecting a store on the Pacific Highway just opposite the Kick Back. At the present writing the boys have completed the footing

and foundation. As soon as the weather permits they will continue with the construction.

MACHINE SHOP

The machine shop boys have just completed repairing a large grader for the farm. The grader is being used for the road repair work on the campus. Pepion, Sigo and Hilburn are to be given credit for this piece of work.

Dustin Stone has just completed a flower stand for Mr. Allen.

Roy Pepion has been working on a flower stamped belt for himself.

William Sigo is now mastering the art of welding.

JUNIOR COMMERCIAL

The Junior commercial students are becoming expert accountants under the careful guidance of Miss Hoffmann.

They are making budgets and keeping careful account of their scrip earnings and expenditures. The reason for this budgeting is to see who can save the most scrip by the end of the year. The winner of this will receive a Chemawa banner as a reward.

FARM NEWS

The project boys are very busy learning all techniques of farming in Mr. O'Reilly's class. As soon as vacation begins the boys will be given actual experience in farming. When not busy working on their own projects the boys will devote their time to the local farm.

HOME ECONOMICS

Under the instruction of Mrs. Gropp, the junior home economics girls prepared and served a dinner for the boys officers Wednesday at Hawley hall. Mrs. Cornick and Mr. Rickard were also invited. The girls are planning to give a banquet every week for the next few weeks.

Lucille Cross has done extensive work in her classes. She has been teaching some of the girls to weave and she also has been doing special sewing for her own benefit.

The girls in the sewing classes are completing their uniforms. The uniforms are to be used for all cooking classes. They will make print dresses as their next sewing project. Some of the advanced students have started on a project of serge wool.

Campus News

Miss Riss and Dr. Johnson arrived at Chemawa Monday after a trip covering the territory of three states, Washington, Oregon and Idaho. When they returned they had children sent from the different states to our hospital for Trachoma treatments.

Miss Stinger and Miss Bratrud, Field Extension Workers on the Grand Ronde, Siletz and Warm Springs reservations, were here on business for a few days.

On Thursday afternoon the senior commercial class took the Bronson Test. All seniors must take it if they are going to apply for a government loan for further education.

There are about sixty new students in the grade school now because of the number of students coming in for eye treatments.

Miss Hoffman, Miss Wentzel and Miss Cruise's Counseling groups hiked to the Log Cabin last Thursday evening. The wiener and marshmallow roasting was followed by a number of fun-producing games.

Wilma Mesplie and Rose Mary Weiser were honored Sunday, March 14, by having the best room in Winona hall.

Mrs. Hauser gave a party last Friday night for her counseling group. It lasted from seven-thirty until nine-thirty.

The girls and Mrs. Hauser took a walk around the campus before going to her home. Everyone had a nice time playing cards, listening to the radio and playing games. Supper was served before the girls returned.

A number of visitors from the Oregon State College campus were visiting here Sunday, March 14. Mr. Jackson introduced the head instructor of Home Economics, who gave a short talk expressing her wishes that the girls and boys attend there if they have a chance to attend.

Ruby Keesling and Marjorie Dennis are leaving for California Saturday. Miss Dennis has been a visitor here for the past week and commented that this is the most interesting school she has ever visited. Miss Keesling will return after a two weeks visit.
