

HOME ROOM

YAKIMA: The members of the Yakima Homeroom have started recording in notebooks the important problems concerning the treaties, customs, and land of their reservation.

UMATILLA: The Umatilla Homeroom has had discussions on the meeting held last Monday, the 6.

FLATHEAD: The Flathead Homeroom members are working on maps and drawing some posters. They also have questions concerning their reservation which they must answer.

CALIFORNIANS: The Californians are still working on their maps, and are studying about the natural resources in northern California. Their study is centered around the timber, and mining resources. They are continuing their health posters on appearance.

COLVILLE NO. II: The Homeroom No. II has been working on a questionnaire about their reservation and have been filling out questions and answers concerning the reservation. They are continuing work on their maps. They plan to have a test on the information they have received. It will cover their Constitution and By-Laws as well as the reservation. They are continuing to record important information in their note books.

TULALIP NO. II: Anne Sampson was recently elected president. Information on government bans on housing and education are being sought from Superintendent Upchurch of the Tulalip Indian Agency.

TULALIP NO. I: Some of the students are working on health posters and maps. Most of the group is studying about what work is done on the reservation and projects that may be developed. Discussions were held on which trades may be useful on the reservation.

TAHOLAH: This group has been studying lately the information from the Reservation Survey, such as when the reservation was established; procedure of distribution of allotments, and the form of government now used on the reservation.

WARM SPRINGS: Sammy Danzuka has been elected president. The group has been studying the Constitution and By-Laws. A few individuals are making health posters.

ALASKAN HOMEROOM: This group hasn't accomplished anything yet in their health project. So, instead of concentrating on one subject they are writing about the different resources on their reservation.

TONGUE RIVER: Each member of this group is keeping a health chart, and studying the Constitution and By-Laws. Invitations are being written to the boys who are going to attend the convention here from Busby, Montana.

GRAND RONDE: They have started on the new map of southwestern Oregon, covering the territory of the homes of every student in this Homeroom. They recently visited the Fort Peck Homeroom and Mr. Sherman, the visiting teacher, gave a talk on the lighting system in our buildings.

FORT PECK: This group has elected new officers, and are planning an intensive program of the reservation and the possibilities there. The health committee is continuing work on the lighting condition project.

FORT BELKNAP: The Fort Belknap members have been exceedingly busy, with the members putting in much time recording notes concerning their reservation.

NORTHERN IDAHO: This Homeroom is working on maps, and several of them are making booklets on health. They are also studying about the timber and heirship rights on the reservation.

SILETZ: The Siletz Homeroom is making out the number of acres on the reservation in preparation of making a new map, and improving the map they have already made.

KLAMATH: The Klamath Homeroom is busy finishing up their health posters.

BLACKFOOT: The members of the Blackfoot Homeroom are making preparations for a quiz on problems concerning their reservation. They are continuing to record important information in their notebooks.

Christmas Vacation

Christmas vacation was enjoyable for the students who remained at Chemawa. Many activities were scheduled, and students enjoyed the basketball game, dance, and inter-class games very much. Christmas Eve was most exciting when Santa Claus made his appearance, and the gifts distributed. Champions of 1940, for the inter-class sports held in the gym, were the seniors, who also held that honor last year as juniors.
